Andbank Wealth
Your bank at movement

Technological development at the service of our customers

At Andbank we work to bring the latest
technology within your reach.

For this reason, we have developed our App, which
allows us to offer you all the functions you need
to operate, wherever you are, without having to
move around, in a simple and agile environment,
and most importantly, with the utmost
confidentiality and security.

The technology
that takes
us further
to keep
us closer.

Enter

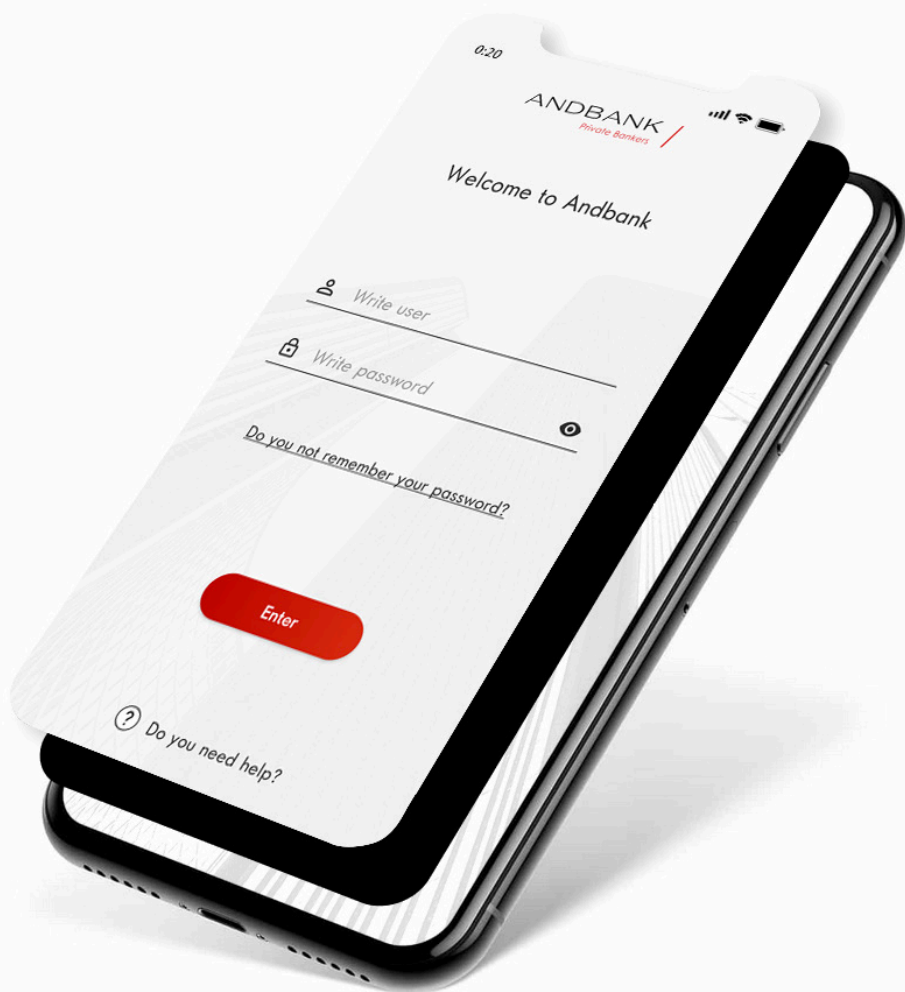

AI

Fingerprint recognition

Only you will be able to access the Andbank
Wealth app, thanks to fingerprint
and facial recognition.

Per activar l'app, una vegada descarregada, haurà
de contactar amb el seu gestor -només una única
vegada-, que l'indicarà quatre passos ben
senzills per fer-la operativa.

Global position

The account overview provides quick access to your positions with the valuation, performance and location of accounts and investments.

View your consolidated global position and access your portfolio online, with detailed information on valuation and returns.
