STATUTS COORDONNÉS

du 12 novembre 2018

TITLE I NAME - REGISTERED OFFICE - DURATION – PURPOSE

Article 1. - Name

There exists among the subscriber and all those who may become owners of shares hereafter issued, a public limited company (*société anonyme*) qualifying as an investment company with variable share capital (*société d'investissement à capital variable*) under the name of “**OGF INTERNATIONAL**” (hereinafter the “Company”).

Article 2. - Registered Office

The registered office of the Company is established in Luxembourg City, Grand Duchy of Luxembourg. The Company’s board of directors may transfer the registered office of the Company to any other place in the Grand Duchy of Luxembourg and the board of directors shall have the power to amend the articles of incorporation accordingly. Branches, subsidiaries or other offices may be established either in the Grand Duchy of Luxembourg or abroad by a decision of the board of directors.

In the event that the board of directors determines that extraordinary political, social or military events have occurred or are imminent which would interfere with the normal activities of the Company at its registered office or with the ease of communication between such office and persons abroad, the registered office may be temporarily transferred abroad until the complete cessation of these abnormal circumstances; such provisional measures shall have no effect on the nationality of the Company which, notwithstanding such temporary transfer, shall remain a Luxembourg corporation.

Article 3. - Duration

The Company is established for an unlimited period of time.

Article 4. - Purpose

The exclusive purpose of the Company is to invest the funds available to it in transferable securities and/or in other permitted assets eligible for an undertaking for collective investment under Part I of the law of 17 December 2010 relating to undertakings for collective investment, as it may be amended from time to time (hereinafter the “Law of 2010”), with the purpose of spreading investment risks and affording its shareholders the results of the management of its assets.

The Company may take any measures and carry out any transaction which it may deem useful for the fulfilment and development of its purpose to the largest extent permitted under Part I of the Law of 2010.

TITLE II SHARE CAPITAL - SHARES - NET ASSET VALUE

Article 5. - Share Capital - Classes/Categories of Shares

The capital of the Company shall be represented by fully paid up

shares of no par value and shall at any time be equal to the total net assets of the Company pursuant to Article 11 hereof. The minimum capital shall be as provided by law, i.e. one million two hundred and fifty thousand euros (EUR 1,250,000.-) (or the equivalent thereof in another currency). Such minimum capital must be reached within a period of six months after the date on which the Company has been authorised as an undertaking for collective investment under Luxembourg law.

The shares to be issued pursuant to Article 7 hereof may, as the board of directors shall determine, be of different classes or categories of shares. The proceeds of the issue of each class or category of shares shall be invested in transferable securities and/or other permitted assets pursuant to the investment policy determined by the board of directors for the Sub-Fund (as defined hereinafter) established in respect of the relevant class/category or classes/categories of shares, subject to the investment restrictions provided by law or determined by the board of directors.

The board of directors shall establish a portfolio of assets constituting a sub-fund (individually a "Sub-Fund", collectively the "Sub-Funds") within the meaning of Article 181 of the Law of 2010 corresponding to one or several classes and/or categories of shares in the manner described in Article 11 hereof. The Company constitutes one single legal entity. However, each portfolio of assets shall be invested for the exclusive benefit of the relevant Sub-Fund. In addition, each Sub-Fund shall only be responsible for the liabilities which are attributable to such Sub-Fund.

The consolidated accounts of the Company, all Sub-Funds combined, shall be expressed in the reference currency of the share capital of the Company, i.e. in euro ("EUR").

For the purpose of determining the capital of the Company, the net assets attributable to each class/category of shares shall, if not expressed in EUR, be converted into EUR and the capital shall be the total of the net assets of all the classes/categories of shares. When the context so requires references in these Articles to Sub-Funds shall mean references to class(es)/category(ies) of shares and vice-versa.

Article 6. - Form of Shares

(1) The Company may issue Shares of each Sub-Fund and of each Class in registered form only (the "Registered Shares").

If and to the extent permitted, and under the conditions provided for, by law, the board of directors may at its discretion decide to issue, in addition, shares in dematerialized form or global share certificates taking the form of global bearer certificates deposited with a securities settlement system ("Global Share Certificates").

All issued Registered Shares shall be registered into the register of shareholders which shall be kept by the Company or by one or more persons designated thereto by the Company, and such register shall contain the name of each owner of Registered Shares, his residence or elected domicile as indicated to the Company and the number and class/category of Registered Shares held by him.

The inscription of the shareholder's name into the register of shareholders evidences his right of ownership on such Registered Shares. The Company shall decide whether a certificate for such inscription shall be delivered to the shareholder or whether the shareholder shall receive a written confirmation of his shareholding. Every transfer of a Registered Share shall be entered in the register of shareholders of the Company without payment of any fee and no fee shall be charged by the Company for registering any other document relating to or affecting the title to any share. Transfers of shares may be subject to some restrictions decided from time to time by the board of directors and further disclosed in the sales documents of the Company.

Transfer of dematerialised shares or shares taking the form of Global Share Certificates, if issued, shall be made in accordance with applicable laws or the provisions set forth in the Company's sales documents, as the case may be.

(3) Shareholders entitled to receive Registered Shares shall provide the Company with an address to which all notices and announcements may be sent except for shareholders which have accepted that all notices and announcements be sent to them by another means of communication. Such address will also be entered into the register of shareholders. Shareholders having accepted this form of notice shall provide the Company with an email address to which all notices and announcements may be sent. In the absence of any indication, the address indicated in the share register may be used by the Company subject to Article 22 hereof, shareholders may, at any time, change their address and/or email address by means of a written notification to the Company.

In the event that a shareholder does not provide an address, the Company may permit a notice to this effect to be entered into the register of shareholders and the shareholder's address will be deemed to be at the registered office of the Company, or at such other address as may be so entered into by the Company from time to time, until another address shall be provided to the Company by such shareholder. A shareholder may, at any time, change his address as entered into the register of shareholders by means of a written notification to the Company at its registered office, or at such other address as may be set by the Company from time to time.

Notices and announcements from the Company to holders of dematerialised shares or shares taking the form of Global Share Certificates, if issued, shall be made in accordance with applicable laws or the provisions set forth in the sales documents of the Company, as the case may be.

(4) If any shareholder can prove to the satisfaction of the Company that his share certificate has been mislaid, mutilated or destroyed, then, at his request, a duplicate share certificate may be issued under such conditions and guarantees, including but not restricted to a bond issued by an insurance company, as the Company may determine. At the issuance of the new share certificate, on which it shall be recorded that it is a duplicate, the original share certificate in replacement of which the new one has been issued shall become void.

Mutilated share certificates may be cancelled by the Company and replaced by new certificates.

The Company may, at its election, charge to the shareholder the costs of a duplicate or of a new share certificate and all reasonable expenses incurred by the Company in connection with the issue and registration thereof or in connection with the annulment of the original share certificate.

(5) The Company recognizes only one single owner per share. If one or more shares are jointly owned or if the ownership of such share(s) is disputed, all persons claiming a right to such share(s) have to appoint one single attorney to represent such share(s) towards the Company. The failure to appoint such attorney implies a suspension of all rights attached to such share(s).

(6) The Company may decide to issue fractional shares up to three decimals. Such fractional shares shall not be entitled to vote but shall be entitled to participate in the distributions and/or net assets attributable to the relevant class/category of shares on a pro rata basis.

Article 7. - Issue of Shares

The board of directors is authorized without limitation to issue an unlimited number of fully paid up shares at any time without reserving the existing shareholders a preferential right to subscribe for the shares to be issued.

The board of directors may impose restrictions on the frequency at which shares shall be issued in any class/category of shares or Sub-Fund. The board of directors may further impose minimum amounts of subscriptions as provided for in the sales documents for the shares of the Company, as the case may be.

Whenever the Company offers shares for subscription, the price per share at which such shares are offered shall be based on the net asset value per share of the relevant class/category of shares within the relevant Sub-

Fund, as determined in compliance with the provisions of Article 11 hereof as of such Valuation Day (as defined in Article 12 hereof) as is determined in accordance with such policy as the board of directors may from time to time determine. Such price may be increased by the applicable sales commissions, as approved from time to time by the board of directors. The price so determined shall be payable as determined by the board of directors and as set out in the sales documents of the Company. The price so determined shall be payable within a maximum period as provided for in the sales documents for the shares and which shall not exceed seven Luxembourg bank business days after the relevant Valuation Day.

The board of directors may delegate to any director, manager, officer or other duly authorized agent the power to accept subscriptions, to receive payment of the price of the new shares to be issued and to deliver them.

If subscribed shares are not paid for, the Company may cancel their issue whilst retaining the right to claim its issue fees and commissions.

The Company may agree to issue shares as consideration for a contribution in kind of transferable securities and/or other permitted assets, in compliance with the conditions set forth by Luxembourg law, in particular the obligation for the independent auditor of the Company to deliver a valuation report and provided that such assets comply with the investment policy and restrictions of the relevant Sub-Fund as described in the sales documents for the shares of the Company. Any costs incurred in connection with a contribution in kind of assets shall be borne by the relevant shareholders.

Subscription requests may be suspended under the terms and in accordance with the provisions of Article 12 hereof.

Article 8. - Redemption of Shares

Any shareholder may request the redemption of all or part of his shares by the Company, under the terms and procedures set forth by the board of directors in the sales documents for the shares of the Company and within the limits provided by law and these Articles.

The redemption price per share shall be paid as determined by the board of directors and as set out in the sales documents of the Company.

If as a result of any request for redemption, the aggregate net asset value of the shares held by any shareholder in any class/category of shares or in any Sub-Fund would fall below the minimum amount determined by the board of directors (if applicable), then the Company may decide that this request be treated as a request for redemption for the full balance of such shareholder's holding of shares in such class/category of shares or Sub-Fund.

Further, if on any given Valuation Day redemption requests pursuant

to this Article and conversion requests pursuant to Article 9 hereof exceed a certain level determined by the board of directors in relation to the net asset value of a specific class/category of shares or Sub-Fund, the board of directors may decide that all or part, on a pro rata basis for each shareholder asking for the redemption or conversion of his shares, of such requests for redemption or conversion will be deferred for a period and in a manner that the board of directors considers to be in the best interests of the Company.

Under special circumstances including, but not limited to, default or delay in payments due to the relevant Sub-Fund from banks or other entities, the Company may, in turn, delay all or part of the payment to shareholders requesting redemption of shares in the Sub-Fund concerned. The right to obtain redemption is contingent upon the Sub-Fund having sufficient liquid assets to honour redemptions.

The redemption price shall be based on the net asset value per share of the relevant class/category of shares within the relevant Sub-Fund, as determined in compliance with the provisions of Article 11 hereof, less such charges and commissions (if any) at the rate provided for in the sales documents for the shares of the Company. The relevant redemption price may be rounded up or down to the nearest cent of the relevant currency as the board of directors shall determine.

The Company may deliver transferable securities and/or other permitted assets against a request for redemption in kind, provided that the relevant shareholder expressly agrees to such delivery, and that all provisions of the Luxembourg law have been respected, and in particular the obligation for the independent auditor of the Company to deliver a valuation report. The value of such assets shall be determined according to the principles applied for the calculation of the net asset value per share. The board of directors must make sure that the redemption of such assets shall not be detrimental to the other shareholders. Any costs incurred in connection with a delivery in kind of assets shall be borne by the relevant shareholders.

Further, redemption of shares may be carried out in accordance with the terms of Article 24 hereof.

Redemption requests may be suspended under the terms and in accordance with the provisions of Article 12 hereof.

All redeemed shares shall be cancelled.

Article 9. - Conversion of Shares

Any shareholder may request the conversion of all or part of his shares of one class/category of shares into shares of another class/category of shares, within the same Sub-Fund or from one Sub-Fund to another Sub-Fund.

The price for the conversion of shares from one class/category of shares into another class/category of shares shall be computed by reference to the respective net asset value of the two classes/categories of shares, calculated as of the Valuation Day following receipt of the documents as expected in case of redemptions.

The board of directors may set restrictions as to the frequency, terms and conditions of conversions and subject them to the payment of such charges and commissions as it shall determine.

If as a result of any request for conversion, the aggregate net asset value of the shares held by any shareholder in any class/category of shares or in any Sub-Fund would fall below the minimum amount determined by the board of directors (if applicable), then the Company may decide that this request be treated as a request for conversion for the full balance of such shareholder's holding of shares in such class/category of shares or Sub-Fund.

The shares which have been converted into shares of another class/category of shares shall be cancelled.

Conversion requests may be suspended under the terms and in accordance with the provisions of Article 12 hereof.

Article 10. - Restrictions on Ownership of Shares

The Company may restrict or prevent the ownership of shares in the Company by any person, firm or corporate body, if in the opinion of the Company such holding (i) may be detrimental to the Company, (ii) if it may result in a breach of any law or regulation, whether Luxembourg or foreign, or (iii) if as a result thereof the Company may become exposed to tax disadvantages (including inter alia any liability that might derive from the Foreign Account Tax Compliance Act ("FATCA") or the Common Reporting Standard or any other similar provisions) or other financial disadvantages that it would not have otherwise incurred or (iv) if such person, firm or corporate body would not comply with the eligibility criteria of a given class of shares. Such persons, firms or corporate bodies to be determined by the board of directors being herein referred to as "Restricted Persons".

More specifically, the Company may restrict or prevent the ownership of shares in the Company, by any person, firm or corporate body, and without limitation, by any "U.S. person", as defined hereafter or if as a result thereof it may expose the Company or its shareholders to adverse regulatory, tax or fiscal (including any tax liabilities that might derive, inter alia, from any breach of the requirements imposed by the Foreign Account Tax Compliance Act ("FATCA") and related US regulations) consequences, and in particular if the Company may become subject to tax laws other than

those of the Grand Duchy of Luxembourg (or to any other disadvantages that it or they would not have otherwise incurred or been exposed to).

For the purposes of these Articles, Restricted Persons shall include without limitation any "U.S. person", as this term is defined under Regulation S under the U.S. Securities Act of 1933, as amended, and similar categories (as described in the US "HIRE" Act of 18 March 2010 and in the FATCA framework). The board of directors may, from time to time, amend or clarify this meaning in the sales document of the Company.

In addition to the foregoing, the board of directors may restrict the issue and transfer of shares of a Sub-Fund to institutional investors within the meaning of Article 174 (2) of the Law of 2010 ("Institutional Investor(s)"). The board of directors may, at its discretion, delay the acceptance of any subscription application for shares of a Sub-Fund reserved for Institutional Investors until such time as the Company has received sufficient evidence that the applicant qualifies as an Institutional Investor. If it appears at any time that a holder of shares of a Sub-Fund reserved to Institutional Investors is not an Institutional Investor, the board of directors will convert the relevant shares into shares of a Sub-Fund which is not restricted to Institutional Investors (provided that there exists such a Sub-Fund with similar characteristics) or compulsorily redeem the relevant shares in accordance with the provisions set forth above in this Article. The board of directors will refuse to give effect to any transfer of shares and consequently refuse for any transfer of shares to be entered into the register of shareholders in circumstances where such transfer would result in a situation where shares of a Sub-Fund restricted to Institutional Investors would, upon such transfer, be held by a person not qualifying as an Institutional Investor. In addition to any liability under applicable law, each shareholder who does not qualify as an Institutional Investor, and who holds shares in a Sub-Fund restricted to Institutional Investors, shall hold harmless and indemnify the Company, the board of directors, the other shareholders of the relevant Sub-Fund and the Company's agents for any damages, losses and expenses resulting from or connected to such holding circumstances where the relevant shareholder had furnished misleading or untrue documentation or had made misleading or untrue representations to wrongfully establish its status as an Institutional Investor or has failed to notify the Company of its loss or change of such status.

For such purpose the Company may at its discretion and without liability:

A.- decline to issue any shares and decline to register any transfer of a share, where it appears to it that such registry or transfer would or might result in legal or beneficial ownership of such shares by a Restricted Person;

and

B.- at any time require any person whose name is entered into, or who seeks to register the transfer of shares into the register of shareholders, to furnish the Company with any information, supported by affidavit, which it may consider necessary for the purpose of determining whether or not beneficial ownership of such shareholder's shares rests with a Restricted Person, or whether such registry will result in beneficial ownership of such shares by a Restricted Person; and

C.- decline to accept the vote of any Restricted Person at any meeting of shareholders of the Company; and

D.- where it appears to the Company that a Restricted Person either alone or in conjunction with any other person is a beneficial owner of shares, to instruct such shareholder to sell his shares and to provide to the Company evidence of the sale within thirty (30) days of the notice. If such shareholder fails to comply with the direction, the Company may compulsorily redeem or cause to be redeemed from any such shareholder all shares held by such shareholder in the following manner:

1) The Company shall, or procure any duly authorised agent to, serve a notice (hereinafter called the "purchase notice") upon the shareholder appearing in the register of shareholders as the owner of the shares to be purchased, specifying the shares to be purchased as aforesaid, the price to be paid for such shares, and the place at which the purchase price in respect of such shares is payable. Any such notice may be served upon such shareholder by posting the same in a prepaid registered envelope addressed to such shareholder at his last address known to or appearing in the books of the Company. The said shareholder shall thereupon forthwith be obliged to deliver to the Company the share certificate or certificates, if any, representing the shares specified in the purchase notice. The holders of dematerialised shares shall be informed by publication of the redemption notice in one or more Luxembourg newspapers and in one or more national newspapers in the countries where the shares are distributed, to be determined by the board of directors. Immediately after the close of business on the date specified in the purchase notice, such shareholder shall cease to be the owner of the shares specified in such notice and his name shall be removed from the registration of such shares in the register of shareholders.

2) The price at which the shares specified in any purchase notice shall be purchased (herein called "the purchase price") shall be an amount equal to the per share net asset value of shares in the Company of the relevant class in accordance with Article 11 hereof less any applicable redemption charges.

3) Subject to all applicable laws, payment of the purchase price will

be made to the owner of such shares in the currency of denomination of the relevant class and will be deposited by the Company with a bank in Luxembourg or elsewhere (as specified in the purchase notice) for payment to such owner upon surrender of the share certificate or certificates, if any, representing the shares specified in such notice. Upon deposit of such price as aforesaid, no person interested in the shares specified in such purchase notice shall have any further interest in such shares or any of them, or any claim against the Company on its assets in respect thereof, except the right of the shareholder appearing as the owner thereof to receive the price so deposited (without interest) from such bank upon effective surrender of the share certificate or certificates (if issued) as aforesaid.

4) The exercise by the Company of the powers conferred by this Article shall not be questioned or invalidated in any case, on the ground that there was insufficient evidence of ownership of shares by any person or that the true ownership of any shares was otherwise than appeared to the Company at the date of any purchase notice, provided that in such case the said powers were exercised by the Company in good faith.

Article 11. - Calculation of Net Asset Value per Share

The net asset value per share of each class/category of shares in respect of each Sub-Fund or of each Sub-Fund shall be expressed in the reference currency (as defined in the sales documents for the shares of the Company) of the relevant class/category of shares or Sub-Fund and shall be determined as of any Valuation Day by dividing the net assets of the Company attributable to each class/category of shares in that Sub-Fund or to each Sub-Fund (being the value of the portion of assets less the portion of liabilities attributable to such class/category of shares or to such Sub-Fund on any such Valuation Day), as determined in accordance with applicable generally accepted Luxembourg accounting principles and with the valuation rules set forth below, by the total number of shares in the relevant class/category of shares in a Sub-Fund or in the relevant Sub-Fund then outstanding. The board of directors may also apply dilution adjustments, swing pricing techniques and a dilution levy as disclosed in the Company's sales documents. The net asset value per share may be rounded up or down to the nearest unit of the relevant reference currency as the board of directors shall determine.

If, since the time of determination of the net asset value per share on the relevant Valuation Day, there has been a material change in the quotations in the markets on which a substantial portion of the investments attributable to the relevant class/category of shares in respect of a Sub-Fund or to the relevant Sub-Fund are dealt in or quoted, the Company may, in order to safeguard the interests of the shareholders and the Company, cancel

the first valuation and carry out a second valuation. All subscription, redemption and conversion requests shall be treated on the basis of this second valuation.

The valuation of the net asset value of the different classes/categories of shares in respect of any Sub-Fund shall be made in the following manner:

I. The assets of the Company shall include:

1) all cash on hand or instructed to be placed on deposit, including any interest accrued or to be accrued thereon;

2) all bills and demand notes payable and accounts receivable (including proceeds of securities sold but not delivered);

3) all bonds, time notes, certificates of deposit, shares, stocks, debentures, debenture stocks, subscription rights, warrants, options and other securities, financial instruments and similar assets owned or contracted for by the Company (provided that the Company may make adjustments in a manner not inconsistent with paragraph (a) below with regards to fluctuations in the market value of securities caused by trading ex-dividends, ex-rights, or by similar practices);

4) all permitted units or shares of other undertakings for collective investment;

5) all stock dividends, cash dividends and cash distributions receivable by the Company to the extent information thereon is reasonably available to the Company;

6) all interest accrued on any interest-bearing assets owned by the Company except to the extent that the same is included or reflected in the principal amount of such assets;

7) the preliminary expenses of the Company, including the cost of issuing and distributing shares of the Company, insofar as the same have not been written off;

8) all other permitted assets of any kind and nature including expenses paid in advance.

The value of such assets shall be determined as follows:

(a) The value of any cash on hand or on deposit, bills and demand notes payable and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof.

(b) The value of any security or other asset which is quoted or dealt in on a stock exchange will be based on its last available price in

Luxembourg on the stock exchange which is normally the principal market for such security.

(c) The value of any security or other asset dealt in on any other regulated market that operates regularly, is recognized and is open to the public (a “Regulated Market”) will be based on its last available price in Luxembourg.

(d) In the event that any assets are not listed nor dealt in on any stock exchange or on any other Regulated Market, or if, with respect to assets listed or dealt in on any stock exchange or on any other Regulated Market as aforesaid, the price as determined pursuant to sub-paragraph (b) or (c) is not, in the opinion of the board of directors, representative of the fair market value of the relevant assets, the value of such assets will be based on the reasonably foreseeable sales price determined prudently and in good faith.

(e) Units or shares of undertakings for collective investment will be valued at their last determined and available net asset value or, if such price is not, in the opinion of the board of directors, representative of the fair market value of such assets, then the price shall be determined by the board of directors on a fair and equitable basis.

(f) The liquidating value of futures, spot, forward or options contracts not traded on stock exchanges nor on other Regulated Markets shall mean their net liquidating value determined, pursuant to the policies established by the board of directors, on a basis consistently applied for each different variety of contracts. The liquidating value of futures, spot, forward or options contracts traded on stock exchanges or on other Regulated Markets shall be based upon the last available settlement prices of these contracts on stock exchanges and Regulated Markets on which the particular futures, spot, forward or options contracts are traded by the Company; provided that if a futures, spot, forward or options contract could not be liquidated on the day with respect to which net assets are being determined, the basis for determining the liquidating value of such contract shall be such value as the board of directors may deem fair and reasonable. Swaps will be valued at their market value.

(g) The value of money market instruments not traded on any stock exchanges nor on other Regulated Markets and with a remaining maturity of less than 12 months and of more than 90 days is deemed to be the nominal value thereof, increased by any interest accrued thereon. Money market instruments with a remaining maturity of 90 days or less will be valued by the amortized cost method, which approximates market value.

(h) Interest rate swaps will be valued at their market value established by reference to the applicable interest rates’ curve.

(i) All other securities and other assets will be valued at fair market

value as determined in good faith pursuant to procedures established by the board of directors.

The value of all assets and liabilities not expressed in the reference currency of a class/category of shares or Sub-Fund will be converted into the reference currency of such class/category of shares or Sub-Fund at the rate of exchange ruling in Luxembourg on the relevant Valuation Day. If such quotations are not available, the rate of exchange will be determined in good faith by or under procedures established by the board of directors.

The board of directors, in its discretion but in accordance with the applicable generally accepted Luxembourg accounting principles, may permit some other methods of valuation to be used if it considers that such valuation better reflects the fair value of any asset of the Company.

II. The liabilities of the Company shall include:

- 1) all loans, bills and accounts payable;
- 2) all accrued interest on loans of the Company (including accrued fees for commitment for such loans);
- 3) all accrued or payable expenses (including administrative expenses, management fees (including advisory and performance fees), depositary fees, and central administration fees);
- 4) all known liabilities, present and future, including all matured contractual obligations for payments of money or property, including the amount of any unpaid dividends declared by the Company;
- 5) an appropriate provision for future taxes based on capital and income to the Valuation Day, as determined from time to time by the Company, and other reserves (if any) authorized and approved by the board of directors, as well as such amount (if any) as the board of directors may consider to be an appropriate allowance in respect of any contingent liabilities of the Company;
- 6) all other liabilities of the Company of whatsoever kind and nature reflected in accordance with applicable generally accepted Luxembourg accounting principles. In determining the amount of such liabilities the Company shall take into account all expenses payable by the Company which shall include but not be limited to formation expenses, fees payable to the relevant supervisory authorities, fees payable to its management company, investment managers and advisors, including performance fees, if any, fees and expenses payable to its depositary and correspondents, domiciliary and corporate agent, administrative agent, registrar and transfer agent, listing agent, any paying agent, any permanent representatives in places of registration, as well as any other agent employed by the Company, the remuneration (if any) of the directors and officers of the Company and their reasonable out-of-pocket expenses, insurance coverage, and reasonable

travelling costs in connection with board meetings, fees and expenses for legal and auditing services, any expenses incurred in connection with obtaining legal, tax and accounting advice and the advice of other experts and consultants, any expenses incurred in connection with legal proceedings involving the Company, any fees and expenses involved in registering and maintaining the registration of the Company with any governmental agencies or stock exchanges in the Grand Duchy of Luxembourg and in any other country, reporting and publishing expenses, including the costs of preparing, printing, translating, advertising and distributing prospectuses, explanatory memoranda, periodical reports or registration statements, share certificates, and the costs of any reports to shareholders, all taxes, duties, governmental and similar charges, expenses in relation of the marketing, promotion and development of the Company i.e. “marketing costs”, setting up costs, all other operating expenses, including the cost of buying and selling assets, interest, bank and brokerage charges, postage and telephone charges and winding-up costs. The Company may accrue administrative and other expenses of a regular or recurring nature based on an estimated amount rateable for yearly or other periods.

III. The assets shall be allocated as follows:

The board of directors shall establish a Sub-Fund in respect of each class/category of shares and may establish a Sub-Fund in respect of two or more classes/categories of shares in the following manner:

a) If two or more classes/categories of shares relate to one Sub-Fund, the assets attributable to such classes/categories of shares shall be commonly invested pursuant to the specific investment policy of the Sub-Fund concerned. Within a Sub-Fund, classes/categories of shares may be defined from time to time by the board of directors so as to correspond to (i) a specific distribution policy, such as entitling to distributions or not entitling to distributions and/or (ii) a specific sales and redemption charge structure and/or (iii) a specific management, hedging or advisory fee structure, and/or (iv) a specific distribution fee structure, and/or (v) specific types of investors entitled to subscribe the relevant classes/categories of shares, and/or (vi) a specific currency, and/or (vii) such other features as may be determined by the board of directors from time to time in compliance with the applicable law;

b) The proceeds to be received from the issue of shares of a class/category of shares shall be applied in the books of the Company to the relevant class/category of shares in such Sub-Fund, and the relevant amount shall increase the proportion of the net assets of such class/category of shares to be issued, and the assets and liabilities, income and expenditure attributable to such class/category of shares or classes/categories of shares

shall be applied to the corresponding class/category of shares or classes/categories of shares subject to the provisions of this Article;

c) Where any asset is derived from another asset, such derivative asset shall be applied in the books of the Company to the same class(es)/category(ies) of shares as the asset from which it was derived and on each revaluation of an asset, the increase or decrease in value shall be applied to the relevant class(es)/category(ies) of shares;

d) Where the Company incurs a liability which relates to any asset of a particular Sub-Fund or to any action taken in connection with an asset of a particular Sub-Fund, such liability shall be allocated to the relevant Sub-Fund;

e) In the case where any asset or liability of the Company cannot be considered as being attributable to a particular class/category of shares, such asset or liability shall be allocated to all the classes/categories of shares pro rata to their respective net asset values or in such other manner as determined by the board of directors acting in good faith. Each Sub-Fund shall only be responsible for the liabilities which are attributable to such Sub-Fund;

f) Upon the payment of distributions to the holders of any class/category of shares, the net asset value of such class/category of shares shall be reduced by the amount of such distributions.

All valuation regulations and determinations shall be interpreted and made in accordance with applicable generally accepted Luxembourg accounting principles.

In the absence of bad faith, gross negligence or manifest error, every decision in calculating the net asset value taken by the board of directors or by any bank, company or other organization which the board of directors may appoint for the purpose of calculating the net asset value, shall be final and binding on the Company and present, past or future shareholders.

IV. For the purpose of this article:

1) shares of the Company to be redeemed shall be treated as existing and taken into account until immediately after the time specified by the board of directors on the Valuation Day on which such redemption is made and from such time and until paid by the Company the price therefore shall be deemed to be a liability of the Company;

2) shares to be issued by the Company shall be treated as being in issue as from the time specified by the board of directors on the Valuation Day on which such issue is made and from such time and until received by the Company the price therefore shall be deemed to be a debt due to the Company;

3) all investments, cash balances and other assets expressed in

Article 12. - Frequency and Temporary Suspension of Calculation of Net Asset Value per Share, of Issue, Redemption and Conversion of Shares

With respect to each class/category of shares in respect of a Sub-Fund, the net asset value per share and the subscription, redemption and conversion price of shares shall be calculated from time to time by the Company or any agent appointed thereto by the Company, at least twice a month at a frequency determined by the board of directors (as defined in the sales documents for the shares of the Company), such date or time of calculation being referred to herein as the “Valuation Day”.

The Company may temporarily suspend the determination of the net asset value per share of any particular Sub-Fund and the issue, conversion and redemption of the relevant shares:

b) during the existence of any state of affairs which constitutes an emergency in the opinion of the board of directors as a result of which disposal or valuation of assets owned by the Company attributable to the relevant Sub-Fund would be impracticable; or

e) when for any other reason beyond the control and responsibility of the board of directors the prices of any investments owned by the Company attributable to such Sub-Fund cannot promptly or accurately be ascertained; or

i) during any period when the calculation of the net asset value per unit or share of a substantial part of undertakings for collective investment in which the Sub-Fund is investing in, is suspended and this suspension has a material impact on the net asset value in the Sub-Fund.

Any such suspension shall be notified by the Company to all the shareholders, if appropriate, and may be notified to shareholders having made an application for subscription, redemption or conversion of shares for which the calculation of the net asset value has been suspended.

Such suspension as to any Sub-Fund shall have no effect on the calculation of the net asset value, the issue, redemption and conversion of shares of any other Sub-Fund not affected by the same circumstances.

Any application for subscription, redemption or conversion of shares is irrevocable except in case of a suspension of the calculation of the net asset value in the relevant Sub-Fund, in which case shareholders may give notice that they wish to withdraw their application. TITLE IV GENERAL MEETINGS - ACCOUNTING YEAR - DISTRIBUTIONS

Article 22. - General Meetings of Shareholders of the Company

The general meeting of shareholders of the Company shall represent the entire body of shareholders of the Company. Its resolutions shall be binding upon all the shareholders regardless of the class/category of shares held by them. It shall have the broadest powers to order, carry out or ratify acts relating to the operations of the Company. The quorum and delays required by law shall govern the notice for and conduct of shareholders meetings, unless otherwise provided herein.

The general meeting of shareholders shall meet upon call by the board of directors.

It may also be called upon the request of shareholders representing at least one tenth of the share capital.

The annual general meeting shall be held in accordance with Luxembourg law at any date and time decided by the board of directors being no later than six months after the end of the Company's previous accounting year.

Other meetings of shareholders may be held at such places and times as may be specified in the respective notices of meeting.

Shareholders shall meet upon call by the board of directors or upon the written request of shareholders representing at least one tenth of the share capital of the Company. To the extent required by law, the notice shall be published in the *Recueil Electronique des Sociétés et Associations* of Luxembourg, in a Luxembourg newspaper and in such other newspapers as the board of directors may decide.

If all shares are in registered form and if no publications are required by law, notices to shareholders may be mailed by registered mail, or in any manner as set forth in applicable law. If so permitted by law, the convening notice may be sent to a shareholder by any other means of communication having been accepted by such shareholder. The alternative means of communication are email, ordinary letter, courier services or any other means satisfying the conditions provided for by law.

Any shareholder having accepted email as an alternative means of convening shall provide his email to the Company no later than fifteen (15) days before the date of the general meeting.

A shareholder who has not communicated his email to the Company

shall be deemed to have rejected any convening means other than the registered letter, the ordinary letter and the courier service.

Any shareholder may change its address or its email or revoke its consent to alternative means of convening provided that its revocation or its new contact details are received by the Company no later than fifteen (15) days before the general meeting. The board of directors is authorised to ask for confirmation of such new contact details by sending a registered letter or an email, as appropriate, to this new address or email. If the shareholder fails to confirm his new contact details, the board of directors shall be authorised to send any subsequent notice to the previous contact details.

The board of directors is free to determine the most appropriate means for convening shareholders to a general meeting and may decide on a case by case basis. The board of directors may, for the same general meeting, convene shareholders to the general meeting by email as regards those shareholders that have provided their email address in time and the other shareholders by letter or courier service.

If all shareholders are present or represented and consider themselves as being duly convened and informed of the agenda, the general meeting may take place without notice of meeting.

The board of directors may determine all other conditions that must be fulfilled by shareholders in order to attend any meeting of shareholders.

In accordance with the conditions laid down in the Luxembourg laws and regulations, the convening notice to any general meeting of shareholders of the Company may provide that the quorum and the majority requirements applicable to the general meeting shall be determined according to the shares issued and outstanding at a certain date and a certain time prior to the date set for the general meeting (hereinafter the “Record Date”). The right of a shareholder to attend a meeting and to exercise the voting rights attaching to its shares is determined in accordance with the shares held by this shareholder at the Record Date.

The business transacted at any meeting of the shareholders shall be limited to the matters contained in the agenda (which shall include all matters required by law) and business incidental to such matters.

Each share of whatever class/category of shares is entitled to one vote in compliance with Luxembourg law and these Articles. Unless otherwise provided for by law or herein, resolutions of the general meeting of shareholders of the Company are passed by a simple

majority vote of the shareholders present or represented and voting.

Article 23. - General Meetings of Shareholders of a Class/Category or of Classes/Categories of Shares

Each share is entitled to one vote in compliance with Luxembourg law and these Articles. Unless otherwise provided for by law or herein, resolutions of the general meeting of shareholders of a Sub-Fund or of a class/category of shares are passed by a simple majority vote of the shareholders present or represented and voting.

Any resolution of the general meeting of shareholders of the Company, affecting the rights of the holders of shares of any class/category of shares vis-à-vis the rights of the holders of shares of any other class/category or classes/categories of shares, shall be subject to a resolution of the general meeting of shareholders of such class/category or classes/categories of shares in compliance with Article 450-4 of the law of 10 August 1915 on commercial companies, as amended (hereinafter the "Law of 1915").

Article 24. - Liquidation, Merger and Split of Sub-Funds, Classes or Categories of Shares

such class/category of shares in a Sub-Fund by carrying out a compulsory redemption of all the shares of the relevant class/category or classes/categories of shares issued in such Sub-Fund or of the relevant Sub-Fund at the net asset value per share (taking into account actual realization prices of investments, realization expenses and the costs of liquidation) applicable on the Valuation Day at which such decision shall take effect. The Company shall publish and notify the holders of the relevant class/category or classes/categories of shares or of the relevant Sub-Fund prior to the effective date for the compulsory redemption. The notice shall indicate the reasons for, and the procedure of the redemption operations. Unless the board of directors decides otherwise in the interest of, or to ensure an equitable treatment between the shareholders, the shareholders of the Sub-Fund or of the class/category concerned may continue to request redemption or conversion of their shares, free of charge (but taking into account an estimation of the costs of liquidation), prior to the effective date for the compulsory redemption.

The Company shall reimburse each shareholder proportionally to the number of shares that he or she owns in the Sub-Fund or in the class/category of shares of that Sub-Fund.

Liquidation proceeds which may not be distributed to their beneficiaries upon the implementation of the compulsory redemption will be deposited with the Depositary for a period of nine months as from the date of the compulsory redemption; after such period, the assets shall be deposited with the *Caisse de Consignation* in Luxembourg on behalf of the persons entitled thereto.

The board of directors may decide to allocate the assets of any Sub-Fund to those of another existing Sub-Fund within the Fund (the “new Sub-Fund”) and to redesignate the class of shares concerned as shares of the new Sub-Fund. The board of directors may also decide to allocate the assets of any Sub-Fund to another undertaking for collective investment organised under the provisions of Part I of the Law of 2010 or under the legislation of a Member State of the European Union, or of the European Economic Area, implementing Directive 2009/65/EC or to a compartment within such other undertaking for collective investment.

The board of directors may also decide to submit the decision for a merger to a meeting of shareholders of the Sub-Fund concerned. No quorum is required for this meeting and decisions are taken by the simple majority of the votes cast.

In case of a merger of one or more Sub-Fund(s) where, as a result, the Company ceases to exist, the merger shall be decided by a meeting of shareholders for which no quorum is required and that may decide with a

simple majority of votes cast. In addition the provisions on mergers of UCITS set forth in the Law of 2010 and any implementing regulation (relating in particular to the notification to the shareholders concerned) shall apply.

In the case of a merger with another undertaking for collective investment established in the form of a contractual type (*“fonds commun de placement”*), the decision shall be binding only on those shareholders who have voted in favour of such merger; the other shareholders will be considered to have asked for the redemption of their shares.

Any split or consolidation of a Sub-Fund/Class of shares shall be decided by the board of directors unless the Directors decide to submit the decision for a split/consolidation to a meeting of shareholders of the Sub-Fund (or Class as the case may be) concerned. No quorum is required for this meeting and decisions are taken by the simple majority of the votes cast.

For any class/category of shares entitled to distributions, the board of directors may decide to pay interim dividends in compliance with the conditions set forth by law.

Distributions may be paid in such currency and at such time and place that the board of directors shall determine from time to time.

The board of directors may decide to distribute stock dividends in lieu of cash dividends upon such terms and conditions as may be set forth by the board of directors.

Any distribution that has not been claimed within five years of its declaration shall be forfeited and revert to the Sub-Fund relating to the relevant class/category or classes/categories of shares.

No interest shall be paid on a dividend declared by the Company and kept by it at the disposal of its beneficiaries.
