Management Report

MERCHBANC FCP - Merchfondo

MERCHBANC FCP – Merchfondo is a global fund investing in a select group of companies worldwide. The management team concentrates on selecting companies that offer unique products and services; the fund is very diversified, and each investment position is usually held for a long period of time. To select companies, we try to identify global trends first, then concentrate on the particular names. This is where the investment team spends most of the time. The fund is about 91% invested in global equities at year end. The fund typically holds small positions in options (usually calls) either to gain exposure to a particular issuer, or to try to reduce market volatility (puts), but also buys futures to hedge forex exposures.

As of December 31, 2024, the total net assets of the fund are 18,335,864.70 EUR and the net asset value per class A share is 84.961 EUR and the net asset value per class B share is 89.231 USD. The performance of the fund for the fiscal year period December 31, 2023 to December 31, 2024 has been -0.4%.

MERCHBANC FCP - Merch-Universal

MERCHBANC FCP – Merch-Universal is a global balanced fund investing in equities and bonds; Merch-Universal invests up to 60% of its assets in a select group of companies all over the world. The management team concentrates on selecting companies that offer unique products and services; the fund is very diversified, and each investment position is usually held for a long period of time. In order to select companies, we try to identify first global trends, then concentrate on the particular names. This is where the investment team spends most of the time. The fund is close to 60% invested in global equities. Given the levels of the fixed income markets, the bond allocation of the fund is very conservative, with liquid assets and short-term corporate and government issues. The fund also buys futures to hedge forex exposures.

As of December 31, 2024, the total net assets of the fund are 13,090,046.79 EUR and the net asset value per share is 110.695 EUR. The performance of the fund for the fiscal year period December 31, 2023 to December 31, 2024 has been +12.2%.

MERCHBANC FCP - Renta Fija Flexible

December 2024 Performance Summary:

Cumulative return of +11,72% during last 3 years, we outperformed the benchmark indices, achieving +20,66% excluding expenses. This marks three consecutive years of superior performance relative to our benchmark indices and peers, resulting in robust relative performance.

The portfolio's average Internal Rate of Return (IRR) for the month was 5.16%, with an average credit rating of BBB+ and an increased average duration approaching 5.26 years.

Performance Analysis:

European investment-grade (IG) corporate bonds delivered positive returns. Government bond yields reversed the previous month's increase as economic data indicated continued sluggish growth and low inflation in Europe. The new US administration is perceived positively for US risk assets but could be mildly negative for European credit if significantly higher tariffs lead to reduced growth in Europe.

MERCHBANC FCP - Renta Fija Flexible outperformed its benchmark last month and year, driven by effective credit selection and a moderate long-duration position. Overweight positions in the banking sector contributed positively to relative returns.

Outlook for Q1 2025:

There is ongoing debate about whether credit spreads can widen again after reaching historically tight levels. This caution with valuations has been a disadvantage this year, as the market has been chasing yield power. However, we expect to generate alpha if volatility returns to the market in the coming months.

Management Report (continued)

Fundamentals Perspective:

The US economic cycle remains evident. Despite aggressive monetary tightening in 2022/23, the economy did not collapse as many had predicted. Massive fiscal stimulus, pent-up demand post-Covid crisis, and longer-duration debt obligations have helped protect both households and businesses. In contrast, Europe, particularly Germany, faces different challenges: high energy prices, low consumer confidence, weak investment, and economic issues in China suggest slow growth.

However, the risk of too-low inflation gives the ECB room to further ease policy, potentially benefiting the region alongside possible fiscal easing in Germany and significant stimulus from China.

Company fundamentals remain stable and solid, with net leverage and interest coverage not indicating concerns. 2025 could also mark a significant uptick in M&A activity, driven by market "animal spirits" and potentially less regulatory intensity in a Trump 2.0 era.

Valuations Perspective:

The market remains tight in credit spreads relative to government bond yields, especially in US IG (tightest in the last 20 years), HY, and Emerging Market Credit (spreads are tight near historical highs despite vulnerability to trade war escalation). In Europe, particularly Investment Grade, valuations seem less tight, with spreads around the 30th percentile of the last two decades. Concerns about high public debt and its sustainability suggest companies might trade closer to their public debt counterparts.

Technical Factors Perspective:

Healthy demand for credit was the key theme of 2024; A powerful factor is coupon reinvestment flows. In a higher rate environment, new bond coupons have been rising, and data points to strong and continuous foreign demand for USD or GBP corporate bonds despite high currency hedging costs and more attractive domestic alternatives. There are indications that foreign investors might be abandoning currency hedges and lowering quality to preserve yield. Longer-duration instruments also seem favored.

In conclusion, we do not believe the search for yield will continue to play a leading role, and it will be more about managing risk. They favor Investment Grade, Europe, Financials (based on fundamentals and valuation.

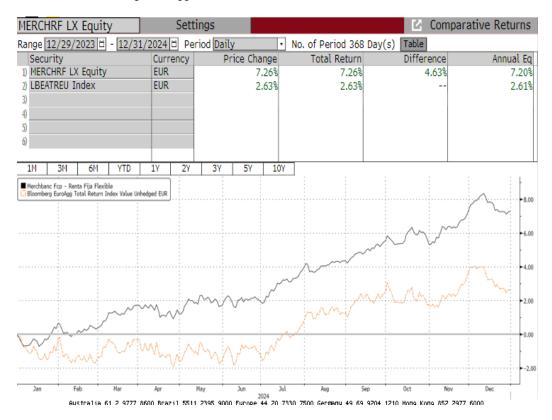

We closed at historical highs in fixed income funds. Fixed income is expected to benefit from high carry, with yields remaining attractive, though not anticipated to improve significantly from current levels.

Our vehicle management approach is flexible, dynamic, and active, enabling us to outperform benchmarks and peers. We have consistently ranked in the top decile for three years, and the fund has been one of the most profitable in the industry since its inception.

The Merchbanc Flexible Fixed Income fund management team will continue to pursue active, flexible, and dynamic management to achieve attractive medium- and long-term returns while minimizing volatility in complex environments.

REPORT OF THE RÉVISEUR D'ENTREPRISES AGRÉÉ

Opinion

We have audited the financial statements of MERCHBANC FCP (the "Fund") and of each of its sub-funds, which comprise the statement of net assets and the statement of investments and other net assets as at December 31, 2024 and the statement of operations and changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund and of each of its sub-funds as at December 31, 2024, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

Basis for Opinion

We conducted our audit in accordance with the Law of July 23, 2016 on the audit profession (Law of July 23, 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the *Commission de Surveillance du Secteur Financier* (CSSF). Our responsibilities under the Law of July 23, 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "Responsibilities of the *réviseur d'entreprises agréé* for the Audit of the Financial Statements" section of our report. We are also independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Board of Directors of the Fund's Management Company is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our report of the *réviseur d'entreprises agréé* thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Fund's Management Company for the Financial Statements

The Board of Directors of the Fund's Management Company is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund's Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund's Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund's Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the "réviseur d'entreprises agréé" for the Audit of the Financial Statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the *réviseur d'entreprises agréé* that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law dated July 23, 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Deloitte.

As part of an audit in accordance with the Law dated July 23, 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
 Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund's Management Company.
- Conclude on the appropriateness of the Board of Directors of the Fund's Management Company use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the *réviseur d'entreprises agréé* to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the *réviseur d'entreprises agréé*. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the Financial Statements as at December 31, 2024

NOTE 1 GENERAL

MERCHBANC FCP ("the Fund") is a common fund (fonds commun de placement) ("FCP") established under Part I of the amended Law of 17 December 2010 and governed by the Management Regulations, whose publication are done in the Recueil Electronique des Sociétés et Associations ("RESA").

The Fund is managed by Andbank Asset Management Luxembourg (the "Management Company"), a public limited company (*société anonyme*), organised under chapter 15 of the Law of December 17, 2010 (as amended). Its share capital amounts to EUR 3,000,000 and its shares are fully owned by Andbank Luxembourg.

The Management Company was incorporated on July 13, 2009 for an unlimited period of time. Its coordinated Articles of Incorporation as at July 30, 2014 were published in the Mémorial n° 2851 of October 10, 2014.

The objective of the Fund is to provide investors with a broad participation in several specific capital markets of the world. The Fund's objective is to aim at a performance superior to that of the market as a whole in which it invests, while containing volatility of performance and while respecting the principle of risk diversification. Investors are given the opportunity to invest in one or more Sub-Funds and thus determine their own preferred exposure on a region by region and/or asset class by asset class basis.

As at December 31, 2024, the Fund includes three Sub-Funds in operation:

- MERCHBANC FCP Merchfondo (denominated in EUR)
- MERCHBANC FCP Renta Fija Flexible (denominated in EUR)
- MERCHBANC FCP Merch-Universal (denominated in EUR)

NOTE 2 ACCOUNTING PRINCIPLES

The financial statements are prepared in accordance with Luxembourg generally accepted accounting principles and presented in accordance with the legal reporting requirements applicable in Luxembourg relating to undertakings for collective investment.

2.1) Foreign exchange translations

The financial statements and accounting records of the Sub-Funds are expressed in EUR. Cash at bank, other net assets and liabilities and the market value of the securities in portfolio expressed in currencies other than EUR are converted into EUR at the exchange rate prevailing at the date of the report. Transactions in currencies other than EUR are translated into EUR based on the exchange rates in effect at the date of the transaction.

As at December 31, 2024, the main exchange rates are as follows:

1 EUR	=	0.940086	CHF
		0.827422	GBP
		162.985842	JPY
		11.460546	SEK
		1.035850	USD

Notes to the Financial Statements as at December 31, 2024 (continued)

NOTE 2 ACCOUNTING PRINCIPLES (continued)

2.2) Valuation of assets

The value of the assets is determined as follows:

The value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as the Board of Directors of the Management Company may consider appropriate in such case to reflect the true value thereof.

The value of transferable securities, money market instruments and any financial assets and instruments which are listed or dealt on a regulated market, a regulated market in an other state or any other regulated market is based on their last available prices on the relevant market which is normally the main market for such assets.

In the event that any assets are not listed or dealt in on any regulated market, any regulated market in an other state or on any other regulated market or if, with respect of assets listed or dealt in on any such markets, the last available price as determined pursuant to sub-paragraph above is not representative of the fair market value of the relevant assets the value of such assets are based on a reasonably foreseeable sales price determined prudently and in good faith by the Board of Directors of the Management Company.

The liquidating value of futures or forward contracts not traded on regulated markets, regulated markets in other states or on other regulated markets means their net value determined, pursuant to the policies established by the Management Company, on a basis consistently applied for each different variety of contracts. The value of futures or forward contracts traded on regulated markets, regulated markets in other states or on other regulated markets is based upon the last available settlement or closing prices, as applicable to these contracts on regulated markets, regulated markets in other states or other regulated markets on which the particular futures or forward contracts are traded on behalf of the Fund; provided that if a futures or forward contract can not be liquidated on the day with respect to which assets are being determined, the basis for determining the liquidating value of such contract is such value as the Board of Directors of the Management Company may deem fair and reasonable.

Units or shares of open-ended Undertakings for Collective Investment ("UCIs") are valued at their last determined and available net asset value or, if such price is not representative of the fair market value of such assets, then the price is determined by the Board of Directors of the Management Company on a fair and equitable basis. Units or shares of closed-ended UCIs are valued at their last available stock market value.

All other securities, instruments and other assets are valued at fair market value, as determined in good faith pursuant to procedures established by the Board of Directors of the Management Company.

2.3) Net realised gain/(loss) on sales of investments

The net realised gain/(loss) on sales of investments is determined on the basis of the average cost of investments sold.

2.4) Acquisition cost of investments

The cost of investments expressed in currencies other than EUR is converted into EUR at the exchange rate prevailing on purchase date.

2.5) Investment income

Interest income is accrued on a day-to-day basis and dividends are accounted on an ex-dividend basis. Interest and dividend are stated net of irrecoverable withholding taxes, if any.

2.6) Formation expenses

Formation expenses may be amortised over a period not exceeding five years.

2.7) Combined figures

The combined statement of net assets and the combined statement of operations and changes in net assets are expressed in Euro ("EUR") and are the sum of all Sub-Funds.

Notes to the Financial Statements as at December 31, 2024 (continued)

NOTE 16 IMPORTANT EVENTS

The Management Company continue to monitor existing exposure to Russia, and effects of the Ukraine / Russia conflict.

Key considerations include, but are not limited to:

- Direct and indirect exposures, and spill-over effects likely to have a negative impact on Sub-Funds;
- Markets, and asset valuation;
- Portfolio Compliance considering capital restrictions and sanctions imposed as an outcome of the Russia / Ukraine conflict.

This may be subject to change as a result of the evolution of the current situation.

The Board of Directors of the Fund's Management Company is confident that the Fund's operations will continue as a going concern and is carefully following the current crisis.

NOTE 17 SUBSEQUENT EVENTS

There are no subsequent events to be reported.

Unaudited Supplementary Information

CORPORATE GOVERNANCE

The Board of Directors of the Management Company adheres to the principles and best practice recommendations published by the Association of the Luxembourg Fund Industry (ALFI) in the ALFI Code of Conduct for Luxembourg Investment Funds.

The Management Company implements permanent compliance controls through its own Risk Management systems which appropriately cover the investment risks.

GLOBAL EXPOSURE

The method retained by the Management Company for the determination of the global risk exposure of the Sub-Funds is the commitment approach.

EUROPEAN REGULATION (EU) 2015/2365 ON THE TRANSPARENCY OF FINANCIAL TRANSACTIONS IN SECURITIES AND REUSE OF COLLATERAL (SECURITIES FINANCING TRANSACTIONS REGULATION OR SFTR)

During the year ended December 31, 2024, the Fund did not enter into transactions within the scope of the SFTR.

REMUNERATION POLICY OF THE MANAGEMENT COMPANY

The Management Company has established a remuneration policy for those categories of staff, including senior management, risk takers, control functions, and any employees receiving total remuneration that takes them into the same remuneration bracket as senior management and risk takers and whose professional activities have a material impact on the risk profiles of the Management Company or the Fund, that are consistent with and promote sound and effective risk management and do not encourage risk-taking which is inconsistent with the risk profiles or the Fund's Articles.

The remuneration policy is in line with the business strategy, objectives, values and interests of the Management Company and the Fund and of its unitholders and includes measures to avoid conflicts of interest.

The variable remuneration is granted on the basis of the results of the performance assessment process. It shall be based on relevant, pre-determined and measurable criteria linked to the Management Company's corporate values, business strategy goals, long-term interests of its unitholders and clients, and risk management.

The remuneration policy also ensures that fixed and variable components of total remuneration are appropriately balanced and the fixed component represents a sufficiently high proportion of the total remuneration to allow the operation of a fully flexible policy on variable remuneration components, including the possibility to pay no variable remuneration component.

This remuneration policy takes into account the principle of proportionality, which allows procedures, mechanisms and organisational structure to be calibrated to the nature, scale and complexity of the Management Company's business and to the nature and range of activities carried out in the course of its business.

	Headcount	Fixed Remuneration (in EUR)	Variable Remuneration (in EUR)
Authorised Management	5	594,792.29	109,700.00
Employees	23	1,922,222.95	376,200.00
Total	28	2,517,015.24	485,900.00

This table reflects the total remuneration amounts paid during the year ended December 31, 2024.

The headcount is therefore related to this remuneration and includes all employees under the payroll 2024.
