#### **NOTE 1 GENERAL**

MERCHBANC FCP ("the Fund") is a common fund (fonds commun de placement) ("FCP") established under Part I of the amended Law of 17 December 2010 and governed by the Management Regulations, whose publication will be done in the Recueil Electronique des Sociétés et Associations ("RESA").

The Fund is managed by Andbank Asset Management Luxembourg (the "Management Company"), a public limited company (*société anonyme*), organised under chapter 15 of the Law of December 17, 2010 (as amended). Its share capital amounts to EUR 3,000,000 and its shares are fully owned by Andbank Luxembourg.

The Management Company was incorporated on July 13, 2009 for an unlimited period of time. Its coordinated Articles of Incorporation as at July 30, 2014 were published in the Mémorial n° 2851 of October 10, 2014.

The objective of the Fund is to provide investors with a broad participation in several specific capital markets of the world. The Fund's objective is to aim at a performance superior to that of the market as a whole in which it invests, while containing volatility of performance and while respecting the principle of risk diversification. Investors are given the opportunity to invest in one or more Sub-Funds and thus determine their own preferred exposure on a region by region and/or asset class by asset class basis.

As at June 30, 2025, the Fund includes three Sub-Funds in operation:

- MERCHBANC FCP Merchfondo (denominated in EUR)
- MERCHBANC FCP Renta Fija Flexible (denominated in EUR)
- MERCHBANC FCP Merch-Universal (denominated in EUR)

#### NOTE 2 ACCOUNTING PRINCIPLES

The financial statements are prepared in accordance with Luxembourg generally accepted accounting principles and presented in accordance with the legal reporting requirements applicable in Luxembourg relating to undertakings for collective investment.

#### 2.1) Foreign exchange translations

### NOTE 2 ACCOUNTING PRINCIPLES (continued)

#### 2.2) Valuation of investment securities

The value of the assets is determined as follows:

The value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as the Board of Directors of the Management Company may consider appropriate in such case to reflect the true value thereof.

The value of transferable securities, money market instruments and any financial assets and instruments which are listed or dealt on a regulated market, a regulated market in an other state or any other regulated market is based on their last available prices on the relevant market which is normally the main market for such assets.

#### NOTE 10 SWING PRICING

A Sub-Fund may suffer a reduction in value, known as "dilution" when trading the underlying investments as a result of net inflows or net outflows of the respective Sub-Fund.

The Net Asset Value per Unit will be adjusted by a certain percentage set by the Board from time to time for each Sub-Fund called the "Swing Factor". The Swing Factor represents the estimated bid-offer spread of the assets in which the Sub-Fund invests and estimated tax, trading costs, and related expenses that may be incurred by the Sub-Fund as a result of buying and/or selling underlying investments.

As a partial swing mechanism is adopted, the Net Asset Value per Unit will be adjusted upwards or downwards if net subscriptions or redemptions in a Sub-Fund exceed a certain threshold set by the Board of Directors from time to time for each Sub-Fund (the "Swing Threshold").

Until the threshold rate is triggered, no pricing adjustment is applied and the transaction costs will be borne by the Sub-Fund. This will result in a dilution (reduction in the Net Asset Value per Unit) to existing Unitholders.

As at 30 June 2025, no swing pricing was applied.
