a) Presentation of financial statements

The financial statements of the Fund are prepared in accordance with the Luxembourg legal and regulatory requirements concerning Undertakings for Collective Investment and with generally accepted accounting principles in Luxembourg.

The financial statements of the Fund have been prepared on a going concern basis.

- b) Valuation of assets
- (1) The value of any liquid assets on hand or on deposit, bills and demand notes payable and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received are deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof are adjusted after making such discount as the Board of Directors may consider appropriate in such case to reflect the true value thereof.
- (2) The value of any Transferable Security or Money Market Instrument admitted or traded in a stock exchange or any other regulated market are based on the last available price in the relevant market prior to the time of valuation, or on any other price deemed appropriate by the Board of Directors. Where such Transferable Securities or Money Market Instruments are admitted or traded on more than one stock exchange or regulated market, the Board of Directors or any appointed agent for this purpose may, at its own discretion, select the stock exchanges or regulated markets where such Transferable Securities or Money Market Instruments are primarily traded to determine the applicable value.
- (3) The value of Transferable Securities that are not admitted or traded in a stock exchange or any other regulated market or if, with respect to Transferable Securities, Money Market Instruments or assets admitted or traded in a stock exchange or any other regulated market, the price as

Notes to the financial statements (continued)

as at 30th June 2023

determined pursuant to sub-paragraph (2) is in the opinion of the Board of Directors not representative of the value of the relevant assets, such assets are stated at fair market value or otherwise at the fair value at which it is expected they may be resold, as determined prudently and in good faith by or under the direction of the Board of Directors.

- (4) Money Market Instruments not admitted or traded in a stock exchange or any other regulated market are valued at a nominal value plus interests or on an amortised cost method, which approximates market value. Under this valuation method, the relevant Sub-Fund's investments are valued at their acquisition cost as adjusted for amortisation of premium or accretion of discount rather than at market value.
- (5) The value of financial derivative instruments not admitted or traded in a stock exchange or any other regulated market shall mean their net liquidating value determined, pursuant to the policies established prudently and in good faith by the Board of Directors, on a basis consistently applied for each different variety of instruments. The value of financial derivative instruments admitted or traded in a stock exchange or any other regulated market are based upon the last available settlement or closing prices of these instruments on a stock exchange or on other regulated markets, on which the particular financial derivative instruments are traded on behalf of the Fund; provided that if a financial derivative instrument could not be liquidated on the day with respect to which assets are being determined, the basis for determining the liquidating value of such instrument shall be such value as the Board of Directors may deem fair and reasonable.
- (6) Units or shares of an open-ended UCI are valued at their last determined and available official net asset value, as reported or provided by such UCI or its agents, or at their last unofficial net asset values (ie estimates of net asset values) if more recent than their last official net asset values, provided that due diligence has been carried out by the investment manager, in accordance with instructions and under the overall control and responsibility of the Board of Directors, as to the reliability of such unofficial net asset values. The net asset value calculated on the basis of unofficial net asset values of the target UCI may differ from the net asset value which would have been calculated, on the relevant Dealing Day, on the basis of the official net asset values determined by the administrators of the target UCI. If the price is not representative of the fair market value of such assets, then the price shall be determined by the Board of Directors or any appointed agent, on a fair and equitable basis. The net asset value is final and binding notwithstanding any different later determination. Units or shares of a closed-ended UCI are valued in accordance with the valuation rules set out in items (2) and (3) above.
- (7) All other securities, instruments and other assets are valued at fair market value, as determined in good faith pursuant to procedures established by the Board of Directors.

Management Company Fee

These fees are calculated as the average of the Net Asset Value of the previous quarter and invoiced quarterly in arrears, as agreed from time to time in writing but accrued on a daily basis.

Since 1st April 2022, the Fund has appointed by the Management Company Agreement dated 1st April 2022, ANDBANK ASSET MANAGEMENT LUXEMBOURG, a public limited liability company incorporated under the laws of the Grand Duchy of Luxembourg and having its registered office at

Notes to the financial statements (continued)

as at 30th June 2023

4, rue Jean Monnet, L–2180 LUXEMBOURG, Grand Duchy of Luxembourg, as its management company in accordance with the provisions of the UCI Law.

In remuneration for its services since the 1st April 2023, the Management Company is entitled to receive a total Management Company Fee of 0.10% per Sub-Fund.

Since 1st April 2023 the minimum will be of EUR 15,000 per Sub-Fund.

Investment Management Fee

In remuneration for its services, the Investment Manager receives from the Fund a Management Fee.

The Management Fee, accrued on each Dealing Day, is based on a percentage of the average Net Asset Value of each Sub-Fund during the relevant month and are payable monthly in arrears and as agreed from time to time in writing to the following rates (per annum):

Sub-Fund	Class C Shares
Value Tree Umbrella SICAV - Value Tree Defensive	0.8% p.a.
Value Tree Umbrella SICAV - Value Tree Balanced	1.2% p.a.
Value Tree Umbrella SICAV - Value Tree Dynamic	1.4% p.a.
Value Tree Umbrella SICAV - Value Tree Best Equities	1.6% p.a.

Note 4 - Performance fees

The Investment Manager may receive for the relevant Class of shares of the Sub-Funds a Performance Fee, paid annually, based on the Net Asset Value (NAV") per Share, equivalent to a specific percentage rate of the positive performance against the High Watermark (Performance Fee rate), being this percentage in the table below. The Performance Fee calculation will also take into account crystallisation.

Sub-Fund	Class C Shares
Value Tree Umbrella SICAV - Value Tree Defensive	7% p.a.
Value Tree Umbrella SICAV - Value Tree Balanced	8% p.a.
Value Tree Umbrella SICAV - Value Tree Dynamic	8% p.a.
Value Tree Umbrella SICAV - Value Tree Best Equities	9% p.a.

The Performance fee of the Sub-Funds is calculated in respect of each accounting year (the "Calculation Period"), i.e. from 1st January to 31st December each year. The first Calculation Period for the relevant Class of Shares of the Sub-Funds begins on the date of the first NAV and will end on the 31st December after a minimum period of 12 months.

The performance reference period (the "Performance Reference Period") is the time horizon over which the performance is measured and compared with the reference indicator, at the end of which the mechanism for the compensation for past underperformance (or negative performance) can be reset. The Performance Reference Period is set to 5 years.

The Performance fee is calculated and accrued at each NAV calculation, provided that the current NAV of the relevant Class of Shares is higher than the High Watermark (as defined below), on the basis of the gross assets determined on each Valuation Day after deducting all expenses, the management fees (but not the Performance fee) and adjusting for subscriptions, redemptions, dividends (if applicable) and conversions (if applicable) on the relevant Valuation Day so that these will not affect the Performance fee payable.

Notes to the financial statements (continued)

as at 30th June 2023

Should the last Business Day of the relevant Calculation Period not be a Valuation Day, the Class of shares will calculate a special NAV on that Business Day but for the sole purposes of calculating and accruing the Performance Fee for the relevant Calculation Period.

No requests for subscriptions, redemptions or conversions will be accepted on the basis of the special NAV, excepted if the last Business Day of the relevant Calculation Period is a Valuation Day.

The Performance fee is payable annually in arrears as at the end of each annual Performance Period.

The High Watermark is a performance measure that is used to ensure that a Performance Fee is only charged where the value of the Class of Shares has increased in absolute terms over the course of the Calculation Period. It is based on the NAV of the relevant Class of Shares of the Sub-Funds on the last Business Day of the last Calculation Period on which a Performance Fee was paid. If no Performance fee is payable at the end of the Calculation Period, the High Watermark will remain unchanged as of the end of the prior Calculation Period.

Only at the end of five years of underperformance, losses can be reset on a yearly rolling basis, by writing off the first year of performance of the current Performance Reference Period of the relevant Class of shares of the Sub-Funds. In this circumstance, The High Watermark will be reset to the maximum value of the NAVs on the last Business Day of each Calculation Period belonging to the current Performance Reference Period of the relevant Class of shares of the Sub-Funds.

The Performance Fee accrual will be included in the calculation of the NAV per Share at which Shares will be subscribed and redeemed. However, if at any Valuation Day, the current NAV falls below the High Watermark, no Performance Fee will be accrued in the daily NAV per Share. This will remain the case until such a fall or "underperformance" has been recovered.

Crystallisation of the Performance Fee occurs on the last valuation of each Calculation Period, on the effective date of the liquidation of the Sub-Fund and/or on the effective date of a merger with another UCI. Any Performance Fee due is payable out of the relevant Class of Shares of the Sub-Funds in arrears after the end of the Calculation Period or after the effective date of the liquidation or merger. Accordingly, once the Performance Fee has crystallized, no refund will be made in respect of any Performance Fee paid out at that point in subsequent Calculation Periods.

If there is a net redemption and/or conversion of Shares at any Valuation Day before the end of the Calculation Period, any accrued Performance Fee with respect to such redeemed Shares will crystallize on that valuation and will then become payable to the Investment Manager.

At the date of the financial statements, a performance fee was recorded for the Sub-Fund as follow:

Sub-Fund		Share class	Performance fee amount in Sub- Fund currency	Performance fee ratio in % of average total net assets
VALUE TRE	E UMBRELLA SICAV - VALUE EQUITIES	С	911.68	0.00%
			911.68 EUR	•

Note 5 - Subscription duty ("Taxe d'abonnement")

The Fund is governed by Luxembourg law.

Pursuant to the legislation and regulations in force, the Fund is subject to an annual subscription duty ("taxe d'abonnement") of 0.05%, which is payable quarterly and calculated on the basis of the net assets

Notes to the financial statements (continued)

as at 30th June 2023

of each Sub-Fund on the last day of each quarter.

Pursuant to Article 175 (a) of the amended Law of 17th December 2010, the net assets invested in undertakings for collective investment already subject to the "taxe d'abonnement" are exempt from this tax.

Note 6 - Futures contracts

As at 30th June 2023, the Sub-Funds, Value Tree Defensive, Value Tree Balanced and Value Tree Dynamic had two bonds issued by Russian counterparties in portfolio. The respective holdings of these Sub-Funds in these Russian bonds as a percentage of their respective total net asset values ("TNA") were as follows:

The Board of Directors of the Fund are monitoring closely the legal obligations and evolution of the price of those bonds on the market.
