(ISIN: LU0986192085)

a sub-fund of SIGMA INVESTMENT HOUSE FCP

This fund is managed by Andbank Asset Management Luxembourg

Objectives and investment policy

- The investment objective of the Sub-Fund is to achieve a combination of income and long-term capital appreciation, commensurate with a moderate level of risk.
- The Sub-Fund will invest primarily in units of UCITS and UCIs, and eligible Exchange Traded Funds ("ETFs")
- The investment manager intends to invest in emerging markets, through the underlying UCITS, UCIs or ETFs, up to 40% of the portfolio.
- The Sub-Fund is actively managed without reference to a benchmark.
- The Sub-Fund may also use all types of financial derivative instruments for hedging and efficient portfolio management (maximum exposure: 100%).
- Unitholders may redeem units on demand, on a daily basis.
- The Sub-Fund may invest up to 100% of its net assets in cash and cash equivalents, term deposits, debt securities and money market instruments dealt in on a Regulated Market and whose maturity does not exceed 12 months, monetary UCITS and UCIs.
- The Sub-Fund may invest, to a limited extent, directly in equity securities and debt securities. Cash and cash equivalents may also be held on an ancillary basis.
- The Sub-Fund may also invest through the underlying UCITS, UCIs or ETFs into high yield securities and below investment grade securities limited to an aggregated exposure of 30% of the portfolio.
- Please note that transaction costs may have material impact on performance.
- Non-distributing units: any income generated by the Sub-Fund is reinvested.
- This financial product does not promote environmental or social characteristics and does not have as its objective a sustainable objective.
- The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Risk and reward profile

Lower risk ← Higher risk
Potentially lower reward ← Potentially higher reward

- Historical data used may not be a reliable indication of the future risk profile of the Sub-Fund.
- This category is not guaranteed to remain unchanged and may shift over time.
- The lowest class does not mean that the investment is risk free.
- This fund was categorised in risk class 4 because, in accordance with the investment policy, the value of the investments may fluctuate moderately. Consequently, both the expected return and the potential risk of loss may be average. This indicator is based on the historical weekly volatility of Euro Overnight Index Average over the past 5 years and places the Sub-Fund in this category.

The Sub-Fund is subject to the following risks:

- **Credit risk:** the fund invests in securities which are exposed to the risk that the issuer will be unable to meet its repayment obligations. The credit rating and risks associated with such securities can change over time and therefore affect the value of the investments.

- **Liquidity risk:** Securities may become less liquid during extreme market conditions and it may be difficult for unitholders to get redemption proceeds in a timely manner.
- **Counterparty risk:** Risk that the counterparty to mutually agreed contracts does not meet its obligations.
- **Operational risk:** Risk of material loss resulting from human error, technical faults, inappropriate procedures or controlling.
- **Use of derivatives:** The Sub-Fund invests in derivatives for hedging and other investment purposes, increasing or reducing exposure to underlying assets.
- **Currency risk:** Investments in securities denominated in currencies other than the Sub-Fund's Base Currency may be subject to adverse fluctuation in currency exchange rates.
- **Duplication of certain fees and expenses:** Where investments are made in other funds, this might result in duplication of certain fees and expenses for investors. Investors are also subject to potential risks associated with such funds.
- **Market risk:** The value of assets in the portfolio is typically dictated by a number of factors, including the confidence levels of the market in which they are traded.
- **Sustainability risks:** Risk of the occurrence of an environmental, social or governance event or condition that could cause an actual or a potential material negative impact on the value of the investment.

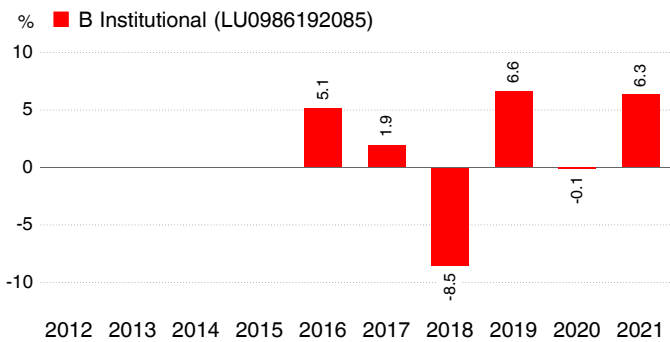

Charges

The charges you pay are used to pay the costs of running the fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry charge	2.00%
Exit charge	2.00%
This is the maximum that might be taken out of your money before it is invested / before the proceeds of your investment are paid out.	
Charges taken from the fund over a year	
Ongoing charges	1.21%
Charges taken from the fund under certain specific conditions	
Performance fee	9% of the positive performance over the High Watermark with the reset of the High Watermark after 5 consecutive years of underperforming on rolling basis. Crystallisation once a year (year end)

- The **entry and exit charges** shown are maximum figures. In some cases you might pay less - you can find this out from your financial adviser.
- The **ongoing charge** figure shown here is an estimation of the charges since no ex-post charges figure is available at launch date of the Sub-Fund due to missing history. The next annual report of the fund will include details on the exact charges taken from the Sub-Fund. This figure may vary from year to year.
- **For more information about charges, please refer to the fund's prospectus available at the registered office of the fund and on the following website: <https://www.andbank.com/luxembourg/>**
