

## Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

### VIVACITY FUNDS – Absolute Return Diversified - Class - I EUR (ISIN:LU1692352013)

#### a sub-fund of VIVACITY FUNDS

This fund is managed by Andbank Asset Management Luxembourg

#### Objectives and Investment Policy

- The sub-fund's investment objective is to seek long-term capital appreciation with a volatility that is lower than the broad equity markets.
- The sub-fund seeks to achieve its investment objective mainly through investments in UCITS and other UCI, including Exchange Traded Funds.
- The sub-fund will mainly allocate its assets across a variety of non-traditional or alternative strategies and techniques to generate returns that have a low sensitivity to the performance of traditional equity and fixed-income markets.
- Notwithstanding the above provisions and if justified by the Management Company's expectations or exceptional market conditions, the Sub-Fund may invest exclusively its net assets in cash and cash equivalents, term deposits, debt securities and money market instruments.
- Shareholders may redeem shares on demand, on a daily basis.
- The sub-fund may invest, to a limited extent, directly in equity securities and debt securities. Cash and cash equivalent may also be held on an ancillary basis.
- The Sub-Fund may use financial derivative instruments for hedging, efficient portfolio management.
- Non-distribution shares: any income generated by the sub-fund is reinvested.
- Please note that transaction costs may have material impact on performance.
- *Recommendation: this Fund may not be appropriate for investors who plan to withdraw their money within 7 years.*

#### Risk and Reward Profile

- Historical data used may not be a reliable indication of the future risk profile of the sub-fund.
- This category is not guaranteed to remain unchanged and may shift over time.
- The lowest class does not mean that the investment is risk free.
- This fund was categorised in risk class 3 because, in accordance with the investment policy, the value of the investments may fluctuate slightly. Consequently, both the expected return and the potential risk of loss may be moderate.

#### The sub-fund is subject to the following risks:

- **Use of derivatives:** derivatives may be used for hedging and other purposes.
- **Fund of funds risks:** where investments are made in other funds, this might result in duplication of certain fees and expenses for investors. Investors are also subject to potential risks associated with such funds.
- **Market risk:** The value of assets in the Portfolio is typically dictated by a number of factors, including the confidence levels of the market in which they are traded.
