#### a sub-fund of MAZE UCITS

This fund is managed by Andbank Asset Management Luxembourg

#### Objectives and Investment Policy

- The objective of the Sub-Fund is to generate high levels of income together with capital enhancement through investments in primarily U.S.-listed non-investment grade corporate bonds and floating rate notes issued by small to mid-cap companies.
- The investment strategy of the Sub-Fund is to invest mainly in high yield bond securities primarily in the United States. The Sub-Fund will seek to be invested in bonds and related securities issued by small to mid-sized American corporations.
- The Sub-Fund will invest in a diversified portfolio of medium to long term investments.
- The Sub-Fund may also invest in units of UCITS including ETFs, that invest in high yield bonds.
- The Sub-Fund is actively managed without reference to a benchmark
- The Sub-Fund may use financial derivative instruments for efficient portfolio management purposes, for investment/speculative purposes, and for hedging purposes as long as it remains in the best interest of the shareholders.
- Shareholders may redeem shares on demand, on a daily basis.
- Notwithstanding the above provisions and if justified by exceptional market conditions, the Sub-Fund may invest up to 100% of its net assets in cash and cash equivalents, term deposits, debt securities and money market instruments.
- The Sub-Fund shall not invest more than 10% of its assets in units of UCITS or other UCIs, including ETFs.
- Distribution of dividends: distribution of all income.
- Please note that transaction costs may have material impact on performance.

#### Risk and Reward Profile

- Historical data used may not be a reliable indication of the future risk profile of the sub-fund.
- This category is not guaranteed to remain unchanged and may shift over time.
- The lowest class does not mean that the investment is risk free.
- This fund was categorised in risk class 4 because, in accordance with the investment policy, the value of the investments may fluctuate moderately. Consequently, both the expected return and the potential risk of loss may be average. This indicator is based on the simulated historical weekly volatility of a reference portfolio over the last 5 years and places the sub-fund in this category.
- The risk category has been determined using the maximum risk limit allowed for this sub-fund.

#### The sub-fund is subject to the following risks:

- **Credit risk:** the Fund invests in securities which are exposed to the risk that the issuer will be unable to meet its repayment obligations. The credit rating and risks associated with such securities can change over time and therefore affect the value of the investments.
- **Liquidity risk:** Securities may become less liquid during extreme market conditions and it may be difficult for unitholders to get redemption proceeds in a timely manner.
- **Counterparty risk:** Risk that the counterparty to mutually agreed contracts does not meet its obligations.
- **Operational risk:** Risk of material loss resulting from human error, technical faults, inappropriate procedures or controlling.
- **Use of derivatives:** The sub-fund invests in derivatives for hedging and other investment purposes, increasing or reducing exposure to underlying assets.
- **Currency risk:** Investments in securities denominated in currencies other than the Sub-fund's Base Currency may be subject to adverse fluctuation in currency exchange rates.
- **Duplication of certain fees and expenses:** Where investments are made in other funds, this might result in duplication of certain fees and expenses for investors. Investors are also subject to potential risks associated with such funds.
- **Market risk:** The value of assets in the Portfolio is typically dictated by a number of factors, including the confidence levels of the market in which they are traded.
