a sub-fund of EC SICAV

This fund is managed by Andbank Asset Management Luxembourg

Objectives and Investment Policy

- The investment objective of the Sub-Fund is to achieve capital growth over the long term investing in a diversified global portfolio.
- The Sub-Fund seeks to achieve its objective through a flexible approach by investing its net assets in both equity and debt securities, including money market securities and short term securities or instruments of issuers located around the world.
- The Sub-Fund has no geographic restrictions on where its investments may be located.
- The compartment will not invest more than 10% of its assets in UCITS or other UCIs.
- The Sub-Fund may use financial derivative instruments for both hedging and/or investment purposes. The types of derivatives may include, but are not limited to, single stock and equity index futures and options, currency futures and forwards, OTC derivatives, single stock CFDs, basket CFDs and index CFDs.
- Subject to the limitations foreseen by the Prospectus, the Sub-Fund will invest especially in bonds (including but not limited to fixed or floating-rate, zero-coupon bonds and inflation linked), and money market instruments issued by corporate and sovereign issuers.
- If justified by the Investment Manager's expectations or exceptional market conditions, the Sub-Fund may invest exclusively cash and cash equivalents, money market instruments and government bonds.

Risk and Reward Profile

- Historical data used may not be a reliable indication of the future risk profile of the sub-fund.
- This category is not guaranteed to remain unchanged and may shift over time.
- The lowest class does not mean that the investment is risk free.
- This fund was categorised in risk class 3 because, in accordance with the investment policy, the value of the investments may fluctuate slightly. Consequently, both the expected return and the potential risk of loss may be moderate. This indicator is based on benchmarks historical performance data based on the last 5 years volatility and places the sub-fund in this category.

The sub-fund is subject to the following risks:

- **Credit risk:** the Fund invests in securities which are exposed to the risk that the issuer will be unable to meet its repayment obligations. The credit rating and risks associated with such securities can change over time and therefore affect the value of the investments.
- **Liquidity risk:** Securities may become less liquid during extreme market conditions and it may be difficult for unitholders to get redemption proceeds in a timely manner.
- **Counterparty risk:** Risk that the counterparty to mutually agreed contracts does not meet its obligations.
- **Operational risk:** Risk of material loss resulting from human error, technical faults, inappropriate procedures or controlling.
- **Use of derivatives:** The sub-fund invests in derivatives for hedging and other investment purposes, increasing or reducing exposure to underlying assets.
- **Currency risk:** Investments in securities denominated in currencies other than the Sub-fund's Base Currency may be subject to adverse fluctuation in currency exchange rates.
- **Duplication of certain fees and expenses:** Where investments are made in other funds, this might result in duplication of certain fees and expenses for investors. Investors are also subject to potential risks associated with such funds.
- **Market risk:** The value of assets in the Portfolio is typically dictated by a number of factors, including the confidence levels of the market in which they are traded.
