The Commission de Surveillance du Secteur Financier ("CSSF") in Luxembourg is responsible for supervising Andbank Asset Management Luxembourg in relation to this Key Information Document.

Smart Horizon is authorised in Luxembourg and regulated by the CSSF.

This product is managed by Andbank Asset Management Luxembourg, which is authorised in Luxembourg and supervised by the CSSF.

Accurate as of: 27 December 2025

What is this product?

Type

- This product is a class of units of the Sub-Fund and denominated in USD. The Fund is an open-ended common fund with variable capital (*Fonds Commun de Placement* or "FCP") and qualifies as an Undertaking for Collective Investments in Transferable Securities ("UCITS"), subject to Part I of the Luxembourg law of 17 December 2010 related to undertakings for collective investments ("Investment Fund Law"), transposing Directive 2009/65/EC related to UCITS.
- As an investment fund, the return of the Sub-Fund depends on the performance of its underlying assets.

Investment objective:

- The Sub-Fund aims to achieve a combination of income and long term capital appreciation, by actively managing a diversified portfolio of equities, bonds, ETFs, UCITS and UCIs and other asset classes, with Environmental, Social and Governance ("ESG") criteria.

Investment policy:

- The Sub-Fund seeks to increase the value of its assets over the long term by investing in shares issued by companies around the world that are dedicated to promoting and enabling sustainable transition. Sustainable transition includes, among others, the following themes: industrial decarbonization, clean energy production; water, circular economy and recycling; smart materials, energy efficiency and automation of industry, infrastructure and mobility; and an additional vertical of social development that brings us closer to the concept of sustainable transition considering the social factor in investment decision-making.
- The Sub-Fund follows a sustainable thematic approach, which means that it invests in companies or projects whose products, services or operations make a positive contribution to the environmental or social challenges addressed by the thematic area.
- The Sub-Fund will seek to achieve its investment objective by investing in a global multi-asset portfolio that directly or indirectly (through UCITS, UCIs or ETFs) will have exposure to a range of asset classes including, but not limited to, equity securities, debt securities (issued by corporates or governments and including below investment grade debt securities), convertible bonds, currencies and money market instruments.
- The Sub-Fund's investments will be selected on the basis of an economic and financial analysis on the one hand and in conformity with sustainability, environmental, social and governance criteria on the other. The process will be the same either it be direct investments (equity, bond) or through ETFs or UCITS/UCIs.
- Some of the UCITS and UCIs will pursue alternative investment strategies and/or will invest in financial derivative instruments to achieve their investment objective. Issuers of the underlying investments may be located in any country, including emerging markets.
- The Sub-Fund's global equity exposure may reach up to 100% whereas the remainder of the portfolio will be exposed to the other specified asset classes.

- The investment manager does not intend to invest in securities such as contingent convertibles or distressed securities, however the Sub-Fund may have residual exposure through underlying UCITS or UCIs.
- The Sub-Fund may deal with financial derivative instruments traded on a regulated market and/or OTC both for investment and/or hedging purposes.
- The Sub-Fund is actively managed without reference to a benchmark.
- The Sub-Fund may hold, up to 20% of its net assets, in ancillary liquid assets which consist of bank deposits at sight in accordance with the provisions of Article 41(2) of the Law of 17 December 2010. Notwithstanding the above provision, the above mentioned 20% limit shall only be temporarily breached for a period of time strictly necessary when, because of exceptionally unfavourable market conditions, circumstances so require and where such breach is justified having regard to the interests of the investors.
- This Sub-Fund promotes environmental and social characteristics in furtherance of Article 8 of the SFDR Regulation, but it does not have a sustainable investment objective.
- Given the above investment objective and policy and the risk and reward profile of the product, the recommended holding period is 5 years.

Redemption and dealing: Unitholders may redeem units on demand, on a daily basis.

Distribution policy: Non-distributing units: any income generated by the Sub-Fund is reinvested.

Intended retail investor

This Sub-Fund may be suitable for investors looking for long term capital growth who are prepared to take a medium to high level of risk over an investment horizon of at least 4 years.

This unit class is available for retail investors.

There is no minimum investment.

Term

The Sub-Fund and class of units were incorporated for an undefined period. The manufacturer and the depositary may terminate this product unilaterally under specific circumstances as describe in the prospectus. Unitholders may not request dissolution or liquidation of the Fund.

Practical information

Depositary: Citibank Europe plc, Luxembourg Branch, 31 zone d'activités Bourmicht, L-8070 Bertrange, Grand Duchy of Luxembourg.

Further information: The prospectus of the Fund and periodic reports are prepared for the entire Fund. Assets and liabilities of each sub-fund are segregated by law, meaning that the liabilities allocated to one sub-fund may not impact the other sub-fund. Unitholders are entitled to convert their units in units of another sub-fund/units of the Fund, as described under "Conversion" section of the prospectus. Copies of the prospectus and of the last annual and semi-annual reports as well as

other practical information such as the latest price for the units may be obtained free of charge, in English, at the registered office of the Fund: 4, rue Jean Monnet L-2180 Luxembourg, Grand Duchy of Luxembourg and on the following website: www.andbank.com/luxembourg/.

What are the risks and what could I get in return?

Risks

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. We have classified this product as 4 out of 7, which is a medium risk class.

This rates the potential losses from future performance at a medium level, and poor market conditions could impact our capacity to pay you. **Be aware of currency risk.** You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above. Not all risks affecting the Sub-Fund are adequately captured by the summary risk indicator. This rating does not take into account other risk factors which should be considered before investing, these includes: credit risk, liquidity risk, counterparty risk, operational risk, use of derivatives, currency risk, duplication of certain fees and expenses, market risk and sustainability risk. This product does not include any protection from future market performance so you could lose some or all of your investment. If we are not able to pay you what is owed, you could lose your entire investment. **Beside the risks included in the risk indicator, other risks may affect the Fund performance. Please refer the "Special Risk Considerations" section of the prospectus of the Fund.**

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. **What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.** The unfavourable, moderate and favourable scenarios shown are illustrations using the worst, average and best performances of the product over the last 10 years, by identifying, depending on the performance scenarios and as defined in the Key Information Document's EU regulation, all overlapping sub-intervals individually (i) equal in length to the recommended holding period which start or end in each month which are contained within that period of 10 years or (ii) equal or shorter in length to the recommended holding period, but equal to or longer than one year, which end at the end of that period of 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances. **Unfavourable:** this type of scenario occurred for an investment between 30 September 2017 and 30 September 2022. **Moderate:** this type of scenario occurred for an investment between 31 July 2018 and 31 July 2023. **Favourable:** this type of scenario occurred for an investment between 31 October 2020 and 31 October 2025.

Recommended holding period		5 years	
Example Investment		\$ 10,000	
Scenarios		if you exit after 1 year	if you exit after 5 years (recommended holding period)
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress	What you might get back after costs Average return each year	\$ 4,680 -53.2%	\$ 4,184 -16.0%
Unfavourable	What you might get back after costs Average return each year	\$ 7,160 -28.4%	\$ 7,896 -4.6%
Moderate	What you might get back after costs Average return each year	\$ 9,740 -2.6%	\$ 9,811 -0.4%
Favourable	What you might get back after costs Average return each year	\$ 11,575 15.8%	\$ 11,534 2.9%

What happens if Andbank Asset Management Luxembourg is unable to pay out?

You are exposed to the risk Andbank Asset Management Luxembourg, might be unable to meet its obligations in connection with the product. This may materially adversely affect the value of the product and could lead to you losing some or all your investment in the product. A potential loss is not covered by an investor compensation or protection scheme.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed (i) in the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario and (ii) \$ 10,000 is invested.

Example Investment \$ 10,000	if you exit after 1 year	if you exit after 5 years (recommended holding period)
Total Costs	\$ 623	\$ 1,618
Annual cost impact*	6.2%	3.1%

* This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period, your average return per year is projected to be 2.7% before costs and -0.4% after costs.

Composition of costs

One-off costs upon entry or exit		Annual cost impact if you exit after 1 year
Entry costs	2.00% maximum of the amount you pay in when entering this investment. In case of conversion into another class or another sub-fund, no conversion fee is charged but you may be requested to bear the difference in subscription if higher.	up to \$ 200
Exit costs	2.00% maximum of your investment before it is paid out to you.	up to \$ 200
Ongoing costs taken each year		
Management fees and other administrative or operating costs	2.19% per year, based on the value of your investment. This is an estimate based on actual costs over the last year.	\$ 219
Transaction costs	0.03% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	\$ 3
Incidental costs taken under specific conditions		
Performance fees	0.01% of the value of your investment per year. This is an estimate, calculated on an annualised basis, based on the average over the previous 5 years. We charge 10% of the positive performance over the high water mark. The actual amount will vary depending on how well your investment performs.	\$ 1

How long should I hold it and can I take money out early?

Recommended Holding Period ("RHP"): 5 years

The RHP has been defined by taking into account the above investment policy and risk and reward profile. You should be prepared to stay invested for at least 5 years. However, you can redeem your investment without penalty incurred for disinvestment prior to the end of the recommended holding period, or hold the investment longer. Unitholders may request redemption of their units prior to noon at the latest on the relevant valuation day (being the "cut-off time"). All redemptions will be handled on the basis of an unknown net asset value. Applications for all Sub-Funds received after the relevant cut-off time shall be deemed to have been received in respect of the next following valuation day. Any cashing-in before the end of the RHP may have a negative consequence on your investment.

In order to prevent dilution effect, the Management Company has the power to charge a "dilution levy" on the subscription, redemption and/or conversion of units. If charged, the dilution levy will be paid into the Sub-Fund and will not exceed 2% of the relevant net asset value per unit.

How can I complain?

Any investor enquiries or complaints should be submitted to the Management Company at Andbank Asset Management Luxembourg, 4, Rue Jean Monnet, L-2180 Luxembourg, Grand Duchy of Luxembourg or at compliance@aaml.lu and any response will be made in writing. The complaints handling policy established by the Management Company may be requested, free of charge, by contacting the Management Company at the email address compliance@aaml.lu or through the following website: www.andbank.com.
