Type

- This product is a class of units of the Sub-Fund and denominated in EUR. The Fund is an open-ended common fund with variable capital (*Fonds Commun de Placement* or "FCP") and qualifies as an Undertaking for Collective Investments in Transferable Securities ("UCITS"), subject to Part I of the Luxembourg law of 17 December 2010 related to undertakings for collective investments ("Investment Fund Law"), transposing Directive 2009/65/EC related to UCITS.
- As an investment fund, the return of the Sub-Fund depends on the performance of its underlying assets.

Investment objective:

- The investment strategy of the Sub-Fund is to invest in companies located or operating in emerging markets which are defined, but not limited to, by the World Bank classification.

Investment policy:

- The investments will consist in equities and debt instruments issued by companies that are listed on regulated exchanges in emerging markets. The Sub-Fund may invest, at the same time, in American Depositary Receipts and American Depositary Shares (collectively, "ADRs") and Global Depositary Receipts and Global Depositary Shares (collectively, "GDRs") and in those emerging companies listed in developed countries.
- The Sub-Fund will invest essentially in equities and it may alternatively invest in fixed income without any duration or rating limitations.
- The Sub-Fund will not invest more than 10% of its assets in UCITS or other UCIs.
- The Sub-Fund is actively managed without reference to a benchmark.
- The Sub-Fund may use financial derivative instruments for both hedging and/or investment purposes. The types of derivatives may include, but are not limited to, single stock and equity index futures and options, currency futures and forwards, OTC derivatives, single stock CFDs, basket CFDs and index CFDs.
- The Sub-Fund may hold on an ancillary basis up to 20% of its assets in bank deposits at sight, such as cash held in current accounts with bank accessible at any time, in accordance with the provisions of article 41(2) of the Law of 17 December 2010.
- Notwithstanding the above provision, the above mentioned 20% limit shall only be temporarily breached for a period of time strictly necessary when, because of exceptionally unfavorable market conditions, circumstances so require and where such breach is justified having regard to the interests of the investors, for instance in highly serious circumstances such as the September 11 attacks or the bankruptcy of Lehman Brothers in 2008.

- The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.
- This financial product does not promote environmental or social characteristics and does not have as its objective a sustainable objective.
- Given the above investment objective and policy and the risk and reward profile of the product, the recommended holding period is 5 years.
