What is this product?

Type

■ This product is a class of shares of the Sub-Fund and denominated in EUR. The Fund is an open-ended investment company with variable capital ("SICAV") and qualifies as an Undertaking for Collective Investments in Transferable Securities ("UCITS"), subject to Part I of the Luxembourg law of 17 December 2010 related to undertakings for collective investments ("Investment Fund Law"), transposing Directive 2009/65/EC related to UCITS.

■ As an investment fund, the return of the Sub-Fund depends on the performance of its underlying assets.

Investment objective:

■ The investment objective of the Sub-Fund is to seek to achieve long term capital appreciation through a flexible and active management of a portfolio of mixed international assets, such as but not limited to equity and fixed income instruments, UCITS and other UCIs and money market instruments.

■ The Sub-Fund will emphasize investment in companies with a growth-oriented profile, focusing on businesses that have a track record of sustainable cash flow generation and demonstrate consistent operating cash flow expansion, as well as emerging companies at the break-even point of cash flow generation. The Sub-Fund will seek opportunities in sectors with strong structural growth drivers, particularly those benefiting from technological advancements, which are expected to contribute to long-term economic productivity and efficiency gains.

■ The investment objective of the Sub-Fund is to seek to generate the highest possible return to the investors through an active management of the portfolio.

Investment policy:

■ The Sub-Fund intends to achieve its investment objective by investing a up to 100% of its assets in equity and equity-linked securities (including but not limited to ordinary or preference shares, UCITS and UCIs including exchange-traded funds ("ETFs"), American depositary receipts ("ADRs"), global depositary receipts ("GDRs")).

■ The Sub-Fund will invest up to 10% of its assets in fixed income-related instruments (including but not limited to fixed or floating-rate, zero-coupon, convertible securities – (excluding contingent convertible bonds), preference bonds, capital notes) and money market instruments issued by corporate and sovereign issuers. The Sub-Fund will invest up to 10% of its net assets in non-investment grade of high-yield bonds.

■ The Sub-Fund will invest primarily in the OECD countries with focus (but not limited to) the United States and European Union countries. The Sub-Fund may however take exposure to the emerging markets funds for up to a 20% of its assets. The Sub-Fund may invest indirectly in China up to 20% of its net assets through ADRs/GDRs and investment funds.

■ The Sub-Fund may use financial derivative instruments for hedging and investment purposes. The types of derivatives may include, but are not limited to interest rate and credit derivatives, single stock and equity index futures comprised by a basket of securities listed within a specific stock market such as but not limited to Standard & Poor's 500 Index, Dow Jones Industrial Average Index or the DAX Stock Index (including its respective E-Mini's (E-Mini's are electronically traded futures contracts which are a fraction of the value of corresponding standard futures contracts)), options, currency futures and forwards.

■ The Sub-Fund may hold, up to 20% of its net assets, in ancillary liquid assets which consist of bank deposits at sight in accordance with the provisions of article 41(2) of the Investment Fund Law. Notwithstanding the above provision, the above mentioned 20% limit shall only be temporarily breached for a period of time strictly necessary when, because of exceptionally unfavourable market conditions, circumstances so require and where such breach is justified having regard to the interests of the investors.

■ This financial product does not promote environmental or social characteristics and does not have as its objective a sustainable objective.

■ The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

■ Given the above investment objective and policy and the risk and reward profile of the product, the recommended holding period is 5 years.

Redemption and dealing: This product is valued twice per calendar month, namely on the 15th and on the last business day of each month (each a "Valuation Day"). If the 15th is not a business day in Luxembourg, the net asset value shall be calculated on the preceding business day.

Shares may be subscribed or redeemed no later than 3:00 p.m. (Luxembourg time) on the business day preceding such Valuation Day. Requests received after this time and date will take effect on the next following Valuation Day.

Distribution policy: Income generated by the Sub-Fund is distributed.

Intended Retail/Institutional Investor

The Sub-Fund targets informed investors who are advised to invest only part of their assets therein.

This share class is available for retail and institutional investors.

There is no minimum investment.

Term

This product was incorporated for an undefined period. The manufacturer may not terminate it unilaterally. The board of directors may terminate this product under the conditions set forth in the prospectus.

Practical information

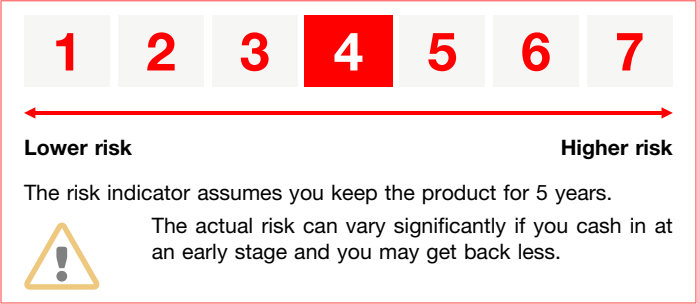

Depository: Quintet Private Bank (Europe) S.A., 43 Boulevard Royal, L-2449 Luxembourg.

Further information: The prospectus of the Fund and periodic reports are prepared for the entire Fund. Assets and liabilities of each sub-fund are segregated by law, meaning that the liabilities allocated to one sub-fund may not impact the other sub-fund. Shareholders are entitled to convert their shares in shares of another sub-fund/shares of the Fund, as

described under "Conversion of Shares" section of the prospectus. Copies of the prospectus and of the last annual and semi-annual reports as well as other practical information such as the latest price for the shares may be obtained free of charge, in English, at the registered office of the Fund: 4, rue Jean Monnet L-2180 Luxembourg, Grand Duchy of Luxembourg and on the following website: www.andbank.com/luxembourg/.

What are the risks and what could I get in return?

Risks

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate and favourable scenarios shown are illustrations using the worst, average and best performances of the product over the last 10 years, by identifying, depending on the performance scenarios and as defined in the Key Information Document's EU regulation, all overlapping sub-intervals individually (i) equal in length to the recommended holding period which start or end in each month which are contained within that period of 10 years or (ii) equal or shorter in length to the recommended holding period, but equal to or longer than one year, which end at the end of that period of 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

Unfavourable: this type of scenario occurred for an investment between 29 March 2024 and 9 May 2025.

Moderate: this type of scenario occurred for an investment between 20 December 2019 and 20 December 2024.

Favourable: this type of scenario occurred for an investment between 28 March 2020 and 28 March 2025.

What happens if Andbank Asset Management Luxembourg is unable to pay out?

You are exposed to the risk Andbank Asset Management Luxembourg, might be unable to meet its obligations in connection with the product. This may materially adversely affect the value of the product and could lead to you losing some or all your investment in the product. A potential loss is not covered by an investor compensation or protection scheme.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed (i) in the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario and (ii) € 10,000 is invested.

| Example Investment € 10,000 | if you exit after 1 year | if you exit after 5 years (recommended holding period) |
|-----------------------------|--------------------------|---|
| Total Costs | € 45 | € 340 |
| Annual cost impact* | 0.4% | 0.5% |

* This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period, your average return per year is projected to be 9.0% before costs and 8.5% after costs.

Composition of costs

| One-off costs upon entry or exit | | Annual cost impact if you exit after 1 year |
|--|--|---|
| Entry costs | 0.00% , we do not charge any entry fee. In case of conversion into another class or another sub-fund, no conversion fee is charged but you may be requested to bear the difference in subscription if higher. | up to € 0 |
| Exit costs | 0.00% , we do not charge an exit fee for this product, but the person selling you the product may do so. | up to € 0 |
| Ongoing costs taken each year | | |
| Management fees and other administrative or operating costs | 0.38% of the value of your investment per year. Such estimate has been carried out by adopting as proxy either a comparable PRIIP or a peer group. | € 38 |
| Transaction costs | 0.07% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell. | € 7 |
| Incidental costs taken under specific conditions | | |
| Performance fees | 0.00% . There is no performance fee for this product. | € 0 |

How long should I hold it and can I take money out early?

Recommended Holding Period ("RHP"): 5 years

The RHP has been defined by taking into account the above investment policy and risk and reward profile. You should be prepared to stay invested for at least 5 years. However, you can redeem your investment without penalty prior to the end of the RHP, or hold the investment longer. Investors may request redemption of shares no later than 3.00 p.m., Luxembourg time, on the business day preceding the applicable Valuation Day. Redemption requests received after this time and date will take effect on the next following Valuation Day. The redemption price shall be paid no later than 2 business days following the applicable Valuation Day. Any cashing-in before the end of the RHP may have a negative consequence on your investment.
