A. Execution factors

Andbank Luxembourg S.A. has no direct access on any equity markets or ETF markets.

Client orders were transmitted to Financial Intermediaries (chosen within our Brokers Best Selection list) for execution on Stock exchanges.

This process ensured local settlements at the lowest costs and reduced the risks of unsettled trades.

Accordingly to our best execution policy, no orders on listed equities or ETF's have been executed OTC (over-the-counter).

The relevant factor for the choice of the execution venue is the primary market place assuming that this place is to be considered as the most liquid market.

Equity orders were locally executed and settled implying lowest cost and a very high level of execution likelihood as well as a minimum number of failed trades.

It has to be noted that orders for retail clients go exactly in the same chain than professionals orders.
